DIE KLAVIERKOMPOSITIONEN DOMENICO SCARLATTIS. VON WALTER GERSTENBERG. MIT E. BEIH.: 5 KLAVIERSONATEN VON DOMENICO SCARLATTI. Domenico Scarlatti, 1969 Domenico Scarlatti Maria Biesold, 1990 **Klaviercluster** Herbert Henck, 2004 Zusammenh nge zwischen Satz und Spiel in den Essercizi (1738) des Domenico Scarlatti Farhad Abbassian-Milani, 1998 *Domenico Scarlatti Adventures* Massimiliano Sala, W. Dean Sutcliffe, 2008 While the publication of both single and multi author studies of composers in their anniversary years has become a predictable part of today s musicological landscape such works still have their uses If this is less apparent in the case of some of the biggest names where suspicions of overkill or cashing in may well be raised the practice can be more readily justified for that vast majority of less celebrated and commercially less attractive composers Marking anniversaries in such a way can give them a better chance to have their voices heard and can act as a spur to activities on a larger scale Scarlatti research has often been carried out in relatively isolated pockets defined by very different epistemological values and often enough marked by strong polemics between various parties The lack of certain knowledge and agreed priorities can be enticing but it can also produce mutual frustrations In the light of such factors the present collection could not offer and is not intended to offer a comprehensive survey of Scarlatti research rather we present a series of case studies covering not just the magnificent corpus of keyboard sonatas but other genres and aspects as well The title reflects not just the feeling of adventure that seems to animate the sonatas but also the fact that a certain intrepid spirit is required when approaching any aspect of the world of Scarlatti

Domenico Scarlatti Maria Biesold, 1987 **The Companion to The Mechanical Muse: The Piano, Pianism and Piano Music, c.1760-1850** Dr Derek Carew, 2013-01-28 Intended as a supplement to The Mechanical Muse The Piano Pianism and Piano Music c 1760 1850 this Companion provides additional information which

largely for reasons of space but also of continuity it was not possible or desirable to include in that volume The book is laid out alphabetically and full biographical entries are provided for all musical figures mentioned including composers performers theoreticians and teachers as well as piano makers and publishers of music within the period covered by The Mechanical Muse There are also entries on figures of importance from outside the period but whose influence is palpably important within it such as J S Bach As well as biographical information all these entries contain lists of principal works and a section on further reading so that readers can follow up people and matters of particular interest Also included in The Companion are entries devoted to particular works and other information of relevance such as descriptions of musical forms characteristics of dances and so on as well as some technical information on music and explanations of technical terms pertaining to keyboard instruments themselves and to ways of playing them This Companion is not intended to replace existing reference books such as Grove or Musik in Geschichte und Gegenwart but will be useful for those who desire to know more about a particular topic and do not necessarily have access to more specialist reference works or time to visit large or specialist libraries As such it is indispensable to users of The Mechanical Muse
