Humor in Contemporary Junior Literature Julie Cross, 2010-12-14 In this new book Julie Cross examines the intricacies of textual humor in contemporary junior literature using the tools of literary criticism and humor theory Cross investigates the dialectical paradoxes of humor and debunks the common belief in oppositional binaries of simple versus complex humor The varied combinations of so called high and low forms of humor within junior texts for young readers who are at such a crucial stage of their reading and social development provide a valuable commentary upon the culture and values of contemporary western society making the book of considerable interest to scholars of both children's literature and childhood studies Cross explores the ways in which the changing content forms and functions of the many varied combinations of humor in junior

texts including the Lemony Snickett series reveal societal attitudes towards young children and childhood The new compounds of seemingly paradoxical high and low forms of humor in texts for developing readers from the 1960s onwards reflect and contribute to contemporary society's hesitant and uneven acceptance of the emergent paradigm of children's rights abilities participation and empowerment Cross identifies four types of potentially subversive transgressive humor which have emerged since the 1960s which coupled with the three main theories of humor relief superiority and incongruity theories enables a long overdue charting of developments in humor within junior texts Cross also argues that the gradual increase in the compounding of the simple and the complex provide opportunities for young readers to play with ambiguous complicated ideas helping them embrace the complexities and contradictions of contemporary life **Talking Book Topics**,2004 Includes audio versions and annual title author index *The Read-Aloud Handbook* Jim Trelease,2006-07-25 A New York Times and million copy bestseller the classic handbook on reading aloud to children revised and updated Recommended by Dear Abby The New York Times and The Washington Post for three decades millions of parents and educators have turned to Jim Trelease's beloved classic to help countless children become avid readers through awakening their imaginations and improving their language skills Now this new edition of The Read Aloud Handbook imparts the benefits rewards and importance of reading aloud to children of a new generation Supported by delightful anecdotes as well as the latest research The Read Aloud Handbook offers proven techniques and strategies and the reasoning behind them for helping children discover the pleasures of reading and setting them on the road to becoming lifelong readers **Fudge-a-mania by Judy Blume : a Novel Study** Ron Leduc,2012-08-09 Chapter questions and answer key language teacher guide for easy implementation Cover [Jim Trelease's Read-Aloud Handbook](#) Jim Trelease,Cyndi Giorgis,2019-09-03 The classic million copy bestselling handbook on reading aloud to children revised and updated for a new generation of readers Recommended by Dear Abby upon its first publication in 1982 millions of parents and educators have turned to Jim Trelease's beloved classic for more than three decades to help countless children become avid readers through awakening their imaginations and improving their language skills Jim Trelease's Read Aloud Handbook updated and revised by education specialist Cyndi Giorgis discusses the benefits the rewards and the importance of reading aloud to children of a new generation Supported by delightful anecdotes as well as the latest research an updated treasury of book recommendations curated with an eye for diversity Jim Trelease's Read Aloud Handbook offers proven techniques and strategies for helping children of all backgrounds and abilities discover the pleasures of reading and setting them on the road to becoming lifelong readers **Children's Books in Print, 2007** ,2006 [Kiplinger's Personal Finance Magazine](#) ,2004 *Kiplinger's Personal Finance* ,2004
