*The Fourth Dimension* Dr. David Yonggi Cho, 2017-03-13 Christsein im Zwischenraum Mike Kwang-Yul Lee, In Deutschland existieren seit über 50 Jahren koreanische Migrationskirchen. Sie haben der ersten Generation Koreaner eine geistliche und sozio-kulturelle Heimat geboten. In den letzten 30 Jahren haben sich christliche Gemeinschaften der zweiten Generation Koreaner gebildet, insbesondere in Form von Jugendverbänden, die neue kontextuelle Ausdrucksformen des christlichen Glaubens geprägt haben. Hierbei handelt es sich um eine Gestalt von Christsein im Zwischenraum, die im Zuge von Inkulturationsprozessen entstanden ist und sich einer eindeutigen landeskirchlichen, freikirchlichen oder migrationskirchlichen Zuordnung entzieht. Die vorliegende Studie widmet sich der empirisch-theologischen Analyse dieses inkulturierten Christseins in unterschiedlichen kirchlichen Kontexten der zweiten Generation Koreaner und fragt nach dessen Bedeutung für die Gestaltung des kirchlichen Lebens in Deutschland. It joins a small but growing list of works on this critical subject. Second, it presents an Asian perspective on one of the most important figures in Asian Pentecostalism in this generation, Dr. David Yonggi Cho, who clearly stands out as one of the most preeminent Pentecostals anywhere in the world. Glory Rising Jeff Jansen, 2009-08-28 Glory Rising will give the readers greater understanding of their true spiritual inheritance that will help unlock the power of who they are in Christ Jesus as sons and daughters of God. It will help them understand the vital role they play as God's Kingdom representatives on the stage called earth and encourage them to know the ways of God that will open up the experiential realms of glory. It is here that we will find access into Eden's door and the Tree of Life and find destiny's doors that will open to encounter God in genuine tangible ways, executing and partaking of the ever increasing and all powerful realm of the kingdom of God. **Two Paradigms for Divine Healing** Pavel Hejzlar, 2009-11-23 The doctrine and practice of healing through faith has been a hallmark of Pentecostalism since its inception and helps to account for the widespread appeal of the movement. While divine healing, as it is called by insiders, has brought hope to the sick, it has also been a source of disenchantment and controversy. The present study offers a close look at the teaching of four major

ministers of healing in the twentieth century United States The author distinguishes between the healing evangelists and pastoral ministers of healing who react to them This book discusses in detail the merits of both schools and the author proposes a solution to the problems inherent in the two paradigms under scrutiny **Spiritual Entrepreneurship:** Bill Harrison, Mary Harrison, 2018-04-23 Having enjoyed successful careers in three different industries manufacturing construction and commercial real estate I have learned my talents skills experience and God given gifts can be applied in different ways in many diverse situations All that was required was willingness to go wherever God led me and to do whatever he asked me to do In the process of doing I learned God had a plan for my life which was more challenging than my own plan but also far more exciting and rewarding My wife Mary's experience has been similar to mine as she was afforded opportunities to go places and do things which have gone far beyond what she expected for herself Based on our life experiences as a married couple with dual professional careers my wife and I developed the concept we call spiritual entrepreneurship The challenges we faced in fulfilling the requirements of two separate careers without neglecting our family obligations led us to the principles and practices of this concept Feel free to visit our website at [www.spiritualentrepreneurship.com](http://www.spiritualentrepreneurship.com) Global Pentecostal and Charismatic Healing Candy Gunther Brown, 2011 Divine healing is an essential marker of the global phenomenon of Pentecostal and Charismatic Christianity But although we know that healing is central in these movements we know surprisingly little about how divine healing beliefs and practices reflect the interplay of local and global patterns of cultural development The essays in this collection seek to discover what is the same and what is different about such beliefs and practices in diverse contexts trace formal and informal lines of cultural influence across geographic and national boundaries and ask how healing both reflects and contributes to larger processes of globalization The collection not only fleshes out a picture of how and why spiritual healing is practiced in diverse cultural contexts and how healing practices reflect and shape the transnational spread of Christianity it also provides insight into the nature of globalization The authors attend to a wide range of issues including the theological rationales for divine healing the symbolic objects and ritual enactments employed the cultural controversies surrounding these practices the relationship between Christian healing and local or indigenous healing traditions whether an emphasis on financial prosperity is always present and the extent to which Pentecostal and Charismatic churches are networked and the role of healing in such networks With nearly all new essays this informative volume edited by Candy Gunther Brown contains a forward by Harvey Cox and contributions from an international team of sixteen professors academics and scholars *News of Boundless Riches* Max L.
