

An abstract drawing on a light-colored, textured surface. It features various elements: a dense cluster of dark, scribbled lines in the upper left; a prominent, thick red line curving across the upper middle; a yellowish-green area in the upper left; and a large, dark, irregular shape in the lower left. The overall style is gestural and expressive, typical of contemporary drawing.

**Drawing** Curie Scott, 2021-10-25 Drawings are everywhere Daubed on ancient cave walls and projected on screens Drawings helps us describe science depict emotions and discover Yet many of us laid aside drawing or more simply mark making in childhood thereby losing a rich and varied way to tell our stories *Drawing as a Way of Knowing in Art and Science* Gemma Anderson-Tempini, 2017-10-01 In recent history the arts and sciences have often been considered opposing fields of study but a growing trend in drawing research is beginning to bridge this divide Gemma Anderson's *Drawing as a Way of Knowing in Art and Science* introduces tested ways in which drawing as a research practice can enhance morphological insight specifically within the natural sciences mathematics and art Inspired and informed by collaboration with contemporary scientists and Goethe's studies of morphology as well as the work of artist Paul Klee this book presents drawing as a means of developing and disseminating knowledge and of understanding and engaging with the diversity of natural and theoretical forms such as animal vegetable mineral and four dimensional shapes Anderson shows that drawing can offer a means of scientific discovery and can be integral to the creation of new knowledge in science as well as in the arts

**New Images of Thought in the Study of Childhood Drawing** Laura Trafi-Prats, Christopher M. Schulte, 2022-10-21 This book provides a revitalised account of the study of children's drawing by outlining a departure from existing approaches privileging developmentalist accounts and presenting drawing as a specialised human endeavour separated from other material entanglements constituting children's everyday experiences The book takes on current developments in the fields of early childhood arts and early childhood literacies to advocate for process oriented new materialist and decolonial approaches that re conceptualise the study of children's drawing It proposes a future oriented approach centred on thinking experimentally with a focus on nonrepresentational elements such as movement sensation intensity rhythm story and place which singularly assemble in drawing events Thus the book discusses drawing as a process of sense making that is not enclosed in the individualised body of the child and that unfolds corporeally in time and space It revises the relation of drawing with symbolisation by suggesting that the use of language and signs in drawing form in entanglement with matter and sensation in processes of creative speculation connected with the movement of thought Presenting a series of contributions by internationally recognised scholars and artists the book aims to create synergies between theory and practice that speak of everyday realities interconnecting children learning and sense making

to help embroiderers and textile artists make the most of sketchbooks to inform their creative work The artist's sketchbook offers an exciting platform to explore a host of mixed media techniques Using a combination of paper textiles found objects pencil ink and paint Shelley Rhodes shows how a sketchbook can act as an illustrated diary a visual catalogue of a journey or experience or as a starting point for more developed work Whether out on location or in the studio Rhodes explores every stage of the creative process from initial inspiration to overcoming the fear of a blank page manipulating paper and images and incorporating found objects to build a sketchbook that is both beautiful and inspiring Sketchbook Explorations is the ideal companion for everyone from the beginner to the more experienced artist looking for exciting techniques to expand their repertoire in mixed media The book explores Why work in sketchbooks The importance and joy of working in a sketchbook Ways of recording and investigating ideas that inspire Techniques in mixed media from found objects and layers to three dimensional sketching Creating on location Using electronic devices to develop ideas      *Sensory Arts and Design* Ian Heywood, 2020-05-27 Artists designers and researchers are increasingly seeking new ways to understand and explore the creative and practical significance of the senses This ground breaking book brings art and design into the field of sensory studies providing a clear introduction to the field and outlining important developments and new directions A compelling exploration of both theory and practice Sensory Arts and Design brings together a wide variety of examples from contemporary art and design which share a sensory dimension in their development or user experience Divided into three parts the book examines the design applications of new technology with sensing capacities the role of the senses in creating new imaginative environments and the significance of the senses within different cultural practices The thirteen chapters cover a highly diverse range of issues from the urban environment architecture and soundscapes to gustatory art multisensory perception in painting music and drawing and the relationship between vision and smell Initiated by Insight a research group at Lancaster Institute for the Contemporary Arts widely recognised as a center of research excellence the project brings together a team of experts from Britain Europe and North America This timely book is destined to make a significant contribution to the scholarly development of this emerging field An important read for students and scholars in sensory studies design art and visual culture      *Building Communities of Practice in Higher Education* Camila Devis-Rozental, Susanne Rose Clarke, 2024-05-23 Drawing from a diverse range of expert voices within the field this key work explores how communities of practice are an effective tool for supporting successful collaboration whilst also creating the foundations for lasting institutional change By examining communities of practice through a variety of critical lenses this book encourages readers to consider how strategies may be applied within their own institutions to support feelings of belonging encourage teamwork and inspire learning Supported by both practical case studies and current research contributors suggest strategies that readers can use to create their own effective communities of practice Chapters explore topics including Communities as a method of regeneration within universities Cultivation of knowledge through community

collaboration Questions of power in transdisciplinary communities Mapping career pathways through communities of practice Bringing together theory and practice this is an essential resource for all involved in strategic planning organisational development and fostering a positive organisational culture within higher education Drawn to See Andrew Causey, 2017-01-01 In this meditation how to guide on drawing as an ethnographic method Andrew Causey offers insights inspiration practical techniques and encouragement for social scientists interested in exploring drawing as a way of translating what they see during their research *Presence and Absence: The Performing Body* Adele Anderson, Sofia Pantouvaki, 2019-01-04 This volume collects research and critical explorations of the performing body by scholars and practitioners in visual and performing arts textile fashion and experimental design research scenography and costume design dance and performance history Authors examine performativity of the body its materiality immateriality and virtuality and investigate experiences of embodiment They envision the body as a site for representation exploring the absent body in performance and as performance through time and space Contributors bring a broad variety of contemporary approaches from live performance to mediated performance from installation art to performance art and from experimental fashion to theatre and dance They discuss issues of process and meaning making and practices from concept and interpretation to creative production and reception The volume expands possibilities for the role of the body in performance while also challenging roles and hierarchies of existing performance practice **Architectural Study Drawings** Daniel M. Herbert, 1993-06-15 Study drawings play a key role in the exploration and development of architecture in the early stages of design Yet these principal tools for graphic thinking have been largely taken for granted in the design professions This guide brings study drawings into the foreground by analyzing actual drawings used by architects past and present Architectural Study Drawings is the first source to provide a basis for understanding the primary means of graphic thinking used in the creation of these drawings It also explains versatile applications of these drawings in architectural practice teaching and research Evaluations of more than 80 drawings and diagrams demonstrate how study drawings are active participants in rather than passive records of the designer's graphic thinking The author probes characteristics and properties of study drawings in addition to how graphic and cognitive processes combine to guide design decision making Drawings of great past architects ranging from Leonardo da Vinci and Le Corbusier to Carlo Scarpa are analyzed Excerpts are included from recent interviews with five contemporary architects Joseph Esherick Helmut Jahn Robert Stern Stanley Tigerman and Peter Eisenman Readers will learn from these masters how to enhance the value of study drawings in various design situations Throughout the author clarifies how theoretical aspects of study drawings relate to actual design practice Detailed chapters discuss key topics such as The theoretical structure of study drawings Applications for handmade drawings How to make better use of current computer aided design CAD systems Examples of drafting room dialogue in practice that help improve design working processes Architectural Study Drawings offers valuable insights that can be applied on the drawing board in

the school and office in teaching of both media and design and in research and development for CAD systems     **Jeff Koons**  
 Scott Rothkopf, 2014-07-08 With over 200 illustrations of iconic works as well as preparatory studies and historic  
 photographs this book offers fresh insight into Koons's polarizing and influential career     *Staged Experiences* Arthur Maria  
 Stein, Ana Penjak, Celia Morgan, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 The term  
 performance practice houses within it a diversity of practices and artists whose work extends and interrogates the  
 boundaries between theatre and nearly all other creative art forms This volume contains diverse theoretical and creative  
 essays all of which manifest a commitment to exploring the complexity of relationships between performer space and  
 audience The work investigated is not subsumed within disciplines but cuts across and between disciplinary vocabularies  
 providing new synergies domains and inter disciplinary possibilities Revolutionary innovations and experimentations are  
 presented in the fields of motion graphics design and scenography Readers will discover the challenges and ingenuities of  
 the imaginary and the dynamics of performance as it intersects with the physical construction of space The mysteries of what  
 denotes liveness will be unveiled The Barber of Seville will be re imagined through juvenile intervention and Shakespeare is  
 viewed through the hypnagogic imagination against the nothingness of Venetian mystique     **Mentalization in the**  
**Psychosis Continuum: Current Knowledge and New Directions for Research and Clinical Practice** George  
 Salaminios, Martin Debbané, Neus Barrantes-Vidal, Patrick Luyten, 2024-07-11 Impairments in mentalizing the capacity to  
 utilize mental state information to understand oneself and others have consistently been identified across the developmental  
 continuum of psychosis expression from the premorbid and prodromal stages to its clinical forms Mentalizing difficulties in  
 psychosis have been investigated using an array of different methodologies including novel experimental tasks narrative  
 assessments self report measures as well as neuroscientific and computational methods These studies have primarily  
 examined how mentalizing disturbances relate to symptom dimensions and functional outcomes in clinical samples as well as  
 the transition to clinical psychosis among those who are at increased risk More recently clinical adaptations of mentalization  
 based treatments MBT and other psychotherapeutic approaches with a focus on supporting people suffering with psychosis  
 reflect on their own and others mental states such as Metacognitive Reflection and Insight Therapy MERIT have been  
 reported in the literature
