## **Dreams From My Father By Barack Obama:**

**Dreams from My Father** Barack Obama, 2007-01-09 1 NEW YORK TIMES BESTSELLER ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days Barack Obama guides us straight to the intersection of the most serious questions of identity class and race The Washington Post Book World Quite extraordinary Toni Morrison In this lyrical unsentimental and compelling memoir the son of a black African father and a white American mother searches for a workable meaning to his life as a black American It begins in New York where Barack Obama learns that his father a figure he knows more as a myth than as a man has been killed in a car accident This sudden death inspires an emotional odyssey first to a small town in Kansas from which he retraces the migration of his mother's family to Hawaii and then to Kenya where he meets the African side of his family confronts the bitter truth of his father's life and at last reconciles his divided inheritance Praise for *Dreams from My Father* Beautifully crafted moving and candid This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories Scott Turow Provocative Persuasively describes the phenomenon of belonging to two different worlds and thus belonging to neither The New York Times Book Review Obama's writing is incisive yet forgiving This is a book worth savoring Alex Kotlowitz author of *There Are No Children Here* One of the most powerful books of self discovery I've ever read all the more so for its illuminating insights into the problems not only of race class and color but of culture and ethnicity It is also beautifully written skillfully layered and paced like a good novel Charlayne Hunter Gault author of *In My Place* *Dreams from My Father* is an exquisite sensitive study of this wonderful young author's journey into adulthood his search for community and his place in it his quest for an understanding of his roots and his discovery of the poetry of human life Perceptive and wise this book will tell you something about yourself whether you are black or white Marian Wright Edelman [Summary of Barack Obama's Dreams from My Father by Swift Reads](#) Swift Reads, 2019-06-28 *Dreams from My Father A Story of Race and Inheritance* 1994 by Barack Obama chronicles his quest to understand how the varied threads of his upbringing including his father's absence and his multiracial and multinational roots shaped him and his understanding of his place in the world Obama was born in Hawaii in 1961 to Stanley Ann Dunham a white woman and Barack Obama Sr a black economist from Kenya Obama Sr and Dunham met while studying at the University of Hawaii Purchase this in depth summary to learn more **The Global Obama** Dinesh Sharma, Uwe P. Gielen, 2013-12-17 *The Global Obama* examines the president's image in five continents and more than twenty countries It is the first book to look at Barack Obama's presidency and analyze how Obama and America are viewed by public governments and political commentators around world The author of *Barack Obama in Hawaii and Indonesia The Making of a Global President* Top 10 Black History Book scaled the globe to gather opinions cultural historical and political analyses about Obama's leadership style Writers journalists psychologists consultants and social scientists present their views on Obama's

leadership popularity and many of the global challenges that still remain unresolved As a progress report this is the first book that tries to grasp the Obama phenomenon in totality as perceived by populations around the world with special focus on America s leadership in the 21st Century      **The Roots of Obama's Rage** Dinesh D'Souza,2011-10-04 Argues that President Obama is driven by a deeply hostile anti colonialism inherited from his father describing how this mindset influences his policies to make America weaker and reduce its wealth and influence in the world      Digital President - Der Wahlkampf Obamas 2008 unter besonderer Berücksichtigung von Social Media Michael Bernhard Pany,2012 Diplomarbeit aus dem Jahr 2011 im Fachbereich Politik Internationale Politik Region USA Note 1 Universit t Wien Institut f r Politikwissenschaft Sprache Deutsch Abstract In dieser Diplomarbeit in Politikwissenschaft geht es darum wie im Wahlkampf zum US amerikanischen Pr sidenten 2008 das Internet beziehungsweise digitale Medien den klassischen Medien nunmehr den Rang mehr oder weniger abgelaufen haben in Sachen Informationsangebot an eine potentielle W hlerschaft so wie ein stattfindender medialer Evolutionsprozess also in eine definierbare politische Willensbildung kulminiert hat Der Wahlkampf Obamas 2008 unter besonderer Ber cksichtigung von Social Media greift deshalb klassische politikwissenschaftliche Begriffe wie den der Politischen Kommunikation auf und setzt diese in Zusammenhang zu neuartigen Ph nomenen wie den Digitalen Medien des Internets Web 2 0 und deren politische Nutzbarmachung Es geht daher um die Frage wie diese neuen M glichkeiten welche Social Media Wahlkampfmanagern und kandidaten bieten sich ad quat nutzen lassen um eine erfolgreiche Wahlkampf Bewegung zu initiieren welche eine gro e Anzahl an Anh ngerschaft mobilisieren kann Grassroots Bewegung Aus den klassischen Medien wurden in der postmodernen Zeit somit die neuen digitalen Medien aus einer klassischen Grassroots Bewegung eine postmoderne Netroots Bewegung Diese Thematik greift in einem bergeordneten Sinne die medialen aber auch sozialen Transformations prozesse auf die den bergang zum 21 Jahrhundert markieren und nunmehr fortlaufend sind siehe etwa die Nutzung von Social Media bei den Umbr chen in der arabischen Welt      **Barack Obama** Joann F. Price,2008-11-21 By any measure the 2008 presidential race has been historic The race has created an enthusiasm and a high degree of interest in politics few have ever seen before At the center of the race is Barack Obama the first African American to become the presumptive Democratic nominee Many Americans agree with his politics and many don t but most agree he is an incredible force in today s highly charged political world and has come along at one of the most crucial difficult times in our nation s history For a sense of what has transpired in this campaign and how it is different from others in America s history this book looks at one candidate from the perspective of quotations made by and about Barack Obama Thematically arranged chapter highlight topics including Obama s heritage his family state and national politics his run for the presidency the issues of the day community activism and service and thoughts on race and faith Each chapter contains an introduction and many of the quotations are supported with background information to give students and general readers a better understanding of the current events and political issues at play Ideal for student assignments as well as for reading

cover to cover this volume offers the most representative revealing and often controversial quotes by and about a man who has created a movement in American politics      **The Teleological Discourse of Barack Obama** Richard W.

Leeman,2012-05-11 The Teleological Discourse of Barack Obama by Richard Leeman provides an in depth analysis of President Barack Obama s speeches and writings to explain the power of the 44th president s speaking This book argues that from his earliest writings through his latest presidential speeches Obama has described the world through a teleological lens Teleology is the philosophy of discovering in the essential nature of humans or countries the telos or ideal towards which one should progress Obama consistently portrays freedom and equality as essential to human nature and the American spirit Understanding his discourse as teleological helps explain the inspirational and philosophical nature of his rhetoric as well as his famous patience perceiving progress where others become frustrated Teleological discourse is ancient with its roots in philosophies such as Aristotle s Nicomachean Ethics and Christian theology and its handprints evident in Lincoln s

Gettysburg Address In order to discover the roots of Obama s teleological perspective Leeman also examines the speeches of presidents Franklin Roosevelt John F Kennedy and Ronald Reagan as well as the civil rights discourse of Martin Luther King Jr Frederick Douglass and W E B Du Bois Although the roots of his teleological discourse run deep President Obama s particular use of the philosophy is very modern The Teleological Discourse of Barack Obama is an essential contribution to the study of American politics and political rhetoric Watch the author discuss the book here      [Black Writing from Chicago](#)

Richard Guzman,2006 Ranging from 1861 to the present day an anthology of works by many of Chicago s leading black writers includes poetry fiction drama essays journalism and historical and social commentary      *Barack Obama's Promised Land* Jack Cashill,2021-07-06 In his introduction to the world at the 2004 Democratic National Convention then state senator Barack Obama insisted There is not a liberal America and a conservative America there is the United States of America There is not a Black America and a White America and Latino America and Asian America there s the United States of America But as his latest memoir A Promised Land makes clear Obama inhabits a smug elite liberal America in which conservatives are not welcome Indeed from Obama s perspective their every thought gesture and vote is insincere and likely racist Although the Obama memoir is obsessed with race Obama as president and as writer has refused to address the one problem he knew to be at the heart of America s racial divide the disintegration of the black family While Obama and his peers have profited from the opportunities America offers his lack of courage has doomed the black inner city to another generation of crime drugs and educational failure To divert attention from his own failure Obama has cast the right as the other in his ongoing melodrama driving a wedge between black and white that will take generations to heal      **Barack Obama For Beginners,**

**Presidential Edition** Bob Neer,2009-06-09 Barack Obama For Beginners An Essential Guide is the most concise and reliable short biography available on the 44th President of the United States from his childhood in Hawaii and Indonesia education at Columbia and Harvard work as a community organizer writer teacher lawyer and politician in Illinois to his historic campaign

for President Barack Obama For Beginners keeps the focus on the man and his record accomplishments and missteps praise and criticism to allow readers to gain a balanced understanding of President Obama as they follow his rise to the White House Entertaining illustrations enliven the reading experience and highlight important details **Obama's America** Dinesh D'Souza, 2014-07 Argues that President Obama intends to weaken America so that other nations may rise in the name of global fairness claiming that a second Obama term would bring about defense cuts and increased dependence on foreign energy **Barack Obama** Sherri Devaney, Mark Devaney, 2007 This book describes the life and political career of Barack Obama who serves as a senator from Illinois and who has been besieged by people urging him onward and upward ever since his keynote address at the Democratic Convention in 2004 **Common Goods** Catherine Keller, Elias Ortega-Aponte, 2015-12-01 In the face of globalized ecological and economic crises how do religion the postsecular and political theology reconfigure political theory and practice As the planet warms and the chasm widens between the 1 percent and the global 99 what thinking may yet energize new alliances between religious and irreligious constituencies This book brings together political theorists philosophers theologians and scholars of religion to open discursive and material spaces in which to shape a vibrant planetary commons Attentive to the universalizing tendencies of the common the contributors seek to reappropriate the term in response to the corporate logic that asserts itself as a universal solvent In the resulting conversation the common returns as an interlinked manifold under the ethos of its multitudes and the ecology of its multiplicity Beginning from what William Connolly calls the palpable fragility of things Common Goods assembles a transdisciplinary political theology of the Earth With a nuance missing from both atheist and orthodox religious approaches the contributors engage in a multivocal conversation about sovereignty capital ecology and civil society The result is an unprecedented thematic assemblage of cosmopolitics and religious diversity of utopian space and the time of insurrection of Christian socialism radical democracy and disability theory of quantum entanglement and planetarity of theology fleshly and political **The Grand Jihad** Andrew C McCarthy, 2012-01-17 The real threat to the United States is not terrorism The real threat is the sophisticated forces of Islamism which have collaborated with the American Left not only to undermine U S national security but to shred the fabric of American constitutional democracy freedom and individual liberty In The Grand Jihad How Islam and the Left Sabotage America bestselling author Andrew C McCarthy provides a harrowing account of how the global Islamist movement s jihad involves far more than terrorist attacks and how it has found the ideal partner in President Barack Obama whose Islamist sympathies run deep McCarthy is the former federal prosecutor who convicted the notorious Blind Sheikh and other jihadists for waging a terrorist war that included the 1993 World Trade Center bombing In his national bestseller Willful Blindness A Memoir of the Jihad Encounter 2008 he explored government s conscious avoidance of the terrorist threat which made the nation vulnerable to mass murder attacks In The Grand Jihad he exposes a more insidious peril government s active concealment of the Islamist ideology that unabashedly vows to conquer America

With the help of witting and unwitting accomplices in and out of government Islamism doesn't merely fuel terrorism but spawns America hating Islamic enclaves in our midst and gradually foists Islam's repressive law sharia on American life. The revolutionary doctrine has made common cause with an ascendant Left that also seeks radical transformation of our constitutional order. The prognosis for liberty could not be more dire. **The Progressive Revolution** Ellis

Washington, 2016-12-13 His tenth book *The Progressive Revolution* Volume V continues his legal historical and literary series based on Natural Law, Natural Rights and the original political philosophy of the constitutional Framers and original jurisprudence of the U.S. Supreme Court. Washington systematically chronicles both the historical significance and political deconstruction that the Progressive Revolution or the Progressive Age circa 1860-present has perpetrated against Western Civilization and American society even to this day. These volumes are a collection of selected essays, articles and Socratic dialogues from Washington's weekly columns published in *RenewAmerica.com*, an essential news and opinion website of primarily conservative writers and ideas. This opus Volume V 2014-15 Writings, which rather than being arranged chronologically by date, are organized topically according to their subject matter of 16 intellectual disciplines including Law, Politics, Foreign Policy, Philosophy, Aesthetics, the Academy, Religion, Economics, Science, Medicine, Math, Engineering, Culture, Society, History and Legal Scholarship. *Representing the Race* Gene Andrew Jarrett, 2011-08-08 The political value of African American literature has long been a topic of great debate among American writers, both black and white, from Thomas Jefferson to Barack Obama. In his compelling new book *Representing the Race*, Gene Andrew Jarrett traces the genealogy of this topic in order to develop an innovative political history of African American literature. Jarrett examines texts of every sort: pamphlets, autobiographies, cultural criticism, poems, short stories and novels, to parse the myths of authenticity, popular culture, nationalism and militancy that have come to define African American political activism in recent decades. He argues that unless we show the diverse and complex ways that African American literature has transformed society, political myths will continue to limit our understanding of this intellectual tradition. Cultural forums ranging from the printing press, schools and conventions to parlors, railroad cars and courtrooms provide the backdrop to this African American literary history, while the foreground is replete with compelling stories from the debate over racial genius in early American history and the intellectual culture of racial politics after slavery to the tension between copyright law and free speech in contemporary African American culture to the political audacity of Barack Obama's creative writing. Erudite yet accessible, *Representing the Race* is a bold explanation of what's at stake in continuing to politicize African American literature in the new millennium.

**Obama's Unending Wars** Jeremy Kuzmarov, 2019-07-20 Many academics consider Obama to have been a master foreign policy strategist and shrewd practitioner of the art of realpolitik. This book demonstrates, however, that Obama in reality helped to institutionalize a permanent warfare state that resulted in gross human rights violations and contributed to America's strategic decline. His perpetuation of the War on Terror created more enemies and prompted the United States to

lose influence in the Middle East His Pivot to Asia policy intensified prospects for regional war while his unnecessary and willful military intervention destroyed Libya and drew the Russians in to protect Bashir al Assad who won Syria s civil war The Obama administration s heavy handed interference in Ukraine led to effective Russian counter moves promoting a strategic alliance with China and regional integration that is moving the world towards multi polarity Obama s Unending Wars provides the first critical comprehensive and highly documented history of the foreign policy of America s forty fourth president the drone king who ordered the bombing of seven Muslim countries backtracked on a pledge to reduce America s nuclear arsenal and helped fuel a new Cold War with Russia During his years in office Obama provided billions of dollars in arms sales to Saudi Arabia as it assisted in the crushing of pro democracy demonstrators in Bahrain and invaded Yemen He sanctioned a coup in Honduras which plunged that country into chaos perpetuated a failed drug war policy and contributed to the recolonization of Africa While any Democratic Party president would have faced peril in confronting the Pentagon which had carried out a slow coup d etat over the decades Obama was rather in many ways the most perfect spokesman for the military industrial complex Who else but this articulate constitutional law professor could pull off a pro war speech after winning the Nobel Peace Prize while ramping up drone assassinations and America s network of military bases in Africa and still retain the support of liberal progressives As many in the time of Trump now glance nostalgically back to the Obama presidency this book will help them to see the continuity and continuous failure of American foreign policy irrespective of the party or figurehead representing it

**Human Behavior and the Social Environment, Micro Level** Katherine van Wormer, 2010-10-07 While social work policy can be considered the what and practice the how the study of human behavior is concerned with why Why do people do the things they do Why do individuals behave differently in groups than when alone Why do some people become the victims of their lives while others who have endured tragedy become life s heroes Resilience across the life span is a new major theme of the second edition of the bestselling Human Behavior and the Social Environment Micro Level In an elegant and accessible manner Katherine van Wormer explores the nuances of the biological psychological cultural and spiritual dimensions of our social lives from an ecosystems and empowerment based perspective Drawing on examples from social work psychology literature philosophy and current events vignettes highlight the turning points in our lives and invite students to explore the contradictions between how we mean to be and how others view us The result is an essential book that bridges theory and practice providing extraordinary insight into our drives and motivations and revealing the myriad patterns and paradoxes of our behavior in the social context Integrates new research findings and recent census and global health data Revised with augmented discussions of multiculturalism Latino Latina identity issues and late adulthood to reflect demographic changes in the United States Outlines theoretical concepts and practice implications in each chapter Places unique emphasis on biology s influence on human behavior employing the latest empirical data in discussions of matters such as gender differences genetics and mental disorders Focuses on evidence based

**Day of Perdition** Kaelyn Hart,2008-11 If we knew then what we know now Barack Obama would never have won the Presidency of the United States of America Day of Perdition 336 Pages reveals the shape of a world that permitted a candidate so far out in the liberal stratosphere to rise to the highest office in a nation that was originally founded on Christian principles It takes a look at what s on the horizon from a Christian perspective the New World Order the Rapture and the rise of the Antichrist The novel ends with questions as to why we as Christians allowed this to happen and finishes with a call to live a revolutionary Christian life and the hope of our future

**Gender, Heteronormativity, and the American Presidency** Aidan Smith,2017-10-03 Gender Heteronormativity and the American Presidency places notions of gender at the center of its analysis of presidential campaign communications Over the decades an investment in gendered representations of would be leaders has changed little in spite of the second and third wave feminist movements Modern candidates have worked vigorously to demonstrate compensatory heterosexuality an unquestionable normative identity that seeks to overcome challenges to their masculinity or femininity The book draws from a wide range of archived media material including televised films and advertisements public debates and speeches and candidate autobiographies From the domestic ideals promoted by Eisenhower in the 1950s right through to the explicit and divisive rhetoric associated with the Clinton Trump race in 2016 intersectional content and discourse analysis reveals how each presidential candidate used his or her campaign to position themselves as a defender of traditional gender roles and furthermore how this investment in appropriate gender behaviour was made manifest in both international and domestic policy choices This book represents a significant and timely contribution to the study of political communication While communication during presidential elections is a well established research field Aidan Smith s book is the first to apply a gendered lens over such an extended historical period and across the political spectrum
