Approximate Dynamic Programming for Dynamic Vehicle Routing Marlin Wolf Ulmer, 2017-04-19 This book provides a straightforward overview for every researcher interested in stochastic dynamic vehicle routing problems SDVRPs The book is written for both the applied researcher looking for suitable solution approaches for particular problems as well as for the theoretical researcher looking for effective and efficient methods of stochastic dynamic optimization and approximate dynamic programming ADP To this end the book contains two parts In the first part the general methodology required for modeling and approaching SDVRPs is presented It presents adapted and new general anticipatory methods of ADP tailored to the needs of dynamic vehicle routing Since stochastic dynamic optimization is often complex and may not always be intuitive on first glance the author accompanies the ADP methodology with illustrative examples from the field of SDVRPs The second part of this book then depicts the application of the theory to a specific SDVRP The process starts from the real world application The author describes a SDVRP with stochastic customer requests often addressed in the literature and then shows in detail how this problem can be modeled as a Markov decision process and presents several anticipatory solution approaches based on ADP In an extensive computational study he shows the advantages of the presented approaches compared to conventional heuristics To allow deep insights in the functionality of ADP he presents a comprehensive analysis of the ADP approaches

These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
