Nationbuilding, Gender and War Crimes in South Asia Bina D'Costa,2012-07-26 This book gives a detailed political analysis of nationbuilding processes and how these are closely linked to statebuilding and to issues of war crime gender and sexuality and marginalization of minority groups With a focus on the Indian subcontinent the author demonstrates how the state itself is involved in the construction of a gendered identity and how control of women and their sexuality is central to the nationbuilding project She applies a critical feminist approach to two major conflicts in the Indian subcontinent the Partition of India in 1947 and the Liberation War of Bangladesh in 1971 and offers suggestions for addressing historical injustices and war crimes in the context of modern Bangladesh Addressing how the social and political elites were able to construct and legitimize a history of the state that ignored these issues the author suggests a critical re examination of the national narrative of the creation of Bangladesh which takes into account the rise of Islamic rights and their alleged involvement in war crimes Looking at the impact that notions of nation state and nationalism have on women from a critical feminist perspective the book will be an important addition to the literature on gender studies international relations and South Asian politics *Auf den Spuren des Körpers in einer technogenen Welt* Barbara Duden,Dorothee Noeres,2013-03-09 Im Rahmen der Internationalen Frauenuniversität war der Fünfte Projektbereich dem Frauenkörper gewidmet dem eigenen Leib den jede Frau meint wenn sie im Jahr 2000 in der Ersten Person Einzahl spricht also jenem concretißimum auf das sie mit ihrem ich verweist Unmissverständlich war der Stoff unseres Vorhabens nicht der Körper insofern er Gegenstand objektiven Wissens ist es ging nicht um die Kritik von Forschungsergebnissen aus der Medizin der Informatik der Biologie der Psychologie oder des Rechts sondern um die Suche nach der Möglichkeit die eigene Leibhaftigkeit im Jahr 2000 zum Thema disziplinierter Forschung zu machen Durchwegs waren wir darum besorgt für Aussagen hellhörig zu werden die durch das Selbstverständnis in einer wissenschaftlich geprägten Gesellschaft zu erschellen drohen Der Projektbereich war also eine Herausforderung an über 140 Frauen aus aller Welt sich an der neu gegründeten Universität auf zwölf Wochen einem disziplinierten Studium zu widmen das sich nicht als akademisches Curriculum organisieren lässt Wir empfanden es als ein ermutigendes Zeichen für die großzügige Anlage der ifu dass es möglich war den Projektbereich Körper nicht nach dem Modell eines Faches sondern dem einer Akademie zu gestalten Es gelang uns eine Reihe von international anerkannten Wissenschaftlerinnen fast durchwegs Autorinnen einflussreicher Bücher zu gewinnen zwei jede Woche die den Teilnehmerinnen jeden Morgen in Vorträgen und Gesprächen zur Verfügung standen **Religion und die Modernität von Traditionen in Asien** Judith Schlehe,Boike Rehbein,2008 Zum Verständnis der Welt sind Einsichten in die Wirkmächtigkeit

Wording the World Roma Chatterji,2014-12-01 The essays in this book explore the critical possibilities that have been opened by Veena Das's work Taking off from her writing on pain as a call for acknowledgment several essays explore how social sciences render pain suffering and the claims of the other as part of an ethics of responsibility They search for disciplinary resources to contest the implicit division between those whose pain receives attention and those whose pain is seen as out of sync with the times and hence written out of the historical record Another theme is the co constitution of the event and the everyday especially in the context of violence Das's groundbreaking formulation of the everyday provides a frame for understanding how both violence and healing might grow out of it Drawing on notions of life and voice and the struggle to write one's own narrative the contributors provide rich ethnographies of what it is to inhabit a devastated world Ethics as a form of attentiveness to the other especially in the context of poverty deprivation and the corrosion of everyday life appears in several of the essays They take up the classic themes of kinship and obligation but give them entirely new meaning Finally anthropology's affinities with the literary are reflected in a final set of essays that show how forms of knowing in art and in anthropology are related through work with painters performance artists and writers
