Missing 411 Western United States And Canada:

Missing 411 David Paulides, 2011 Major news organizations do a deplorable job of covering major stories and issues which are deemed too unusual or too far outside the box Chances are they will find a way to trivialize or ignore the disturbing evidence accumulated by David Paulides a former law man turned investigative journalist The paper trail uncovered by Paulides through sheer doggedness is impressive the evidence indisputable People are vanishing without a trace from our national parks and forests yet government agencies are saying nothing At a minimum this story deserves space on the front page of every newspaper in the country and it warrants a formal high level inquiry by the federal agencies whose files leave little doubt that something very strange is unfolding in our wilderness George Knapp Host Coast to Coast AM P 4 of cover *BIGFOOT NATION* David Childress, 2018-04-11 Childress takes a deep look at Bigfoot Nation the seemingly real world of bigfoot around us in the United States and Canada Whether real or imagined that bigfoot has made his way into the American psyche cannot be denied He appears in television commercials movies and on roadside billboards In fact bigfoot is everywhere with actors portraying him in variously believable performances and it has become the popular notion that bigfoot is both dangerous and horny Indeed bigfoot is out there stalking lover s lanes and is even more lonely than those frightened teenagers that he sometimes interrupts Bigfoot tall and strong as he is makes a poor leading man in the movies with his awkward personality and typically anti social behavior He doesn t care a skunk s gland how many movies or commercials are made about him without any royalties whatsoever being paid To him Bigfoot Nation is all about style a lifestyle shall we say that keeps bigfoot on the fringes of society gently creeping into our dreams Join David on a wild ride from the very first bigfoot reports in the 1800s to right now Chapters include 1800 to 1899 The Wildmen of the Frontier The Oldest Bigfoot Photo 1900 to 1940 The Pre War Years 1950 to 1990 The Post War Years The Skunk Apes of Swamp Nation Bigfoot in the Southwest 2000 to 2020 Post Millennial Bigfoot more Includes 16 pages of color photos that document Bigfoot Nation **Grasping Sasquatch** Ph.D. John S. from the statistical to the anecdotal creating a tapestry that is as compelling as it is informative Yet for every question answered another arises pulling you deeper into the mystery Grasping Sasquatch is more than a book it s a journey that promises to transform the way you view the world Through the eyes of a skeptic turned believer you ll venture into the heart of the unknown encountering along the way the challenges triumphs and inexplicable moments that define the search for Sasquatch This is your chance to join an expedition that dares to ask the questions few have the courage to confront The path to uncovering the truth about Sasquatch is fraught with twists and turns shadows and revelations Grasping Sasquatch offers you the key to embark on this journey but the destination remains shrouded in mystery Are you ready to challenge the unknown and discover the truth for yourself The forest awaits and within it secrets that have eluded seekers for generations Will you be the one to uncover them Grasping Sasquatch is your invitation to a world where myth and science collide and where the journey is as important as the destination

America and Beyond There is a historical aspect to this issue and there are common elements that run through the disappearances One of the early reviews of Missing 411 North America and Beyond was written by New York Times Best Selling author Whitley Strieber David Paulides has shined a light onto one of the greatest and most disturbing mysteries of our time the simple and awful fact that people disappear especially in our national parks and little effort is made to find them let alone inform the public about the danger Even when massive searches are mounted and people are found the events surrounding their loss and recovery are often far beyond logical explanation This is the most comprehensive and expertly presented series of books on the subject ever written and the latest volume which includes stories from five countries is sobering chilling and far too well researched to ignore Essential reading Whitley Strieber New York Times Best Selling Author
