Living Media Ethics Michael

Bugeja, 2018-10-26 Winner of the Clifford G Christians Award for Research in Media Ethics Michael Bugeja's *Living Media Ethics* posits that moral convergence is essential to address the complex issues of our high tech media environment. As such, the book departs from and yet complements traditional pedagogy in media ethics. Bugeja covers advertising, public relations, and major branches of journalism, as well as major schools of philosophical thought and historical events that have shaped current media practices. Examining topics including responsibility, truth, falsehood, temptation, bias, fairness, and power, chapters encourage readers to develop a personal code of ethics that they can turn to throughout their careers. Each chapter includes exercises as well as journal writing and creative assignments designed to build, test, and enhance individual value systems. Unlike other texts, this media ethics book ends with an assignment to create a digital portfolio with a personal ethics code aligned with a desired media position or company.

Media Ethics Matthew Kieran, 2002-01-22 *Media Ethics* brings together philosophers, academics, and media professionals to debate pressing ethical and moral questions for journalists and the media, and to examine basic notions such as truth, virtue, privacy, rights, offence, harm, and freedom, which are used in answering them.

Media Ethics Bart Pattyn, 2000 Concerns about the role and responsibilities of the media have become an increasingly important part of public debate. *Media Ethics* brings together philosophers, academics, and media professionals to debate both ethics and morality.

Didaktik der Journalistik Beatrice Dernbach, Wiebke Loosen, 2012-02-25 Seit vielen Jahren wird darüber diskutiert, dass die journalistische Aus- und Weiterbildung gleichermaßen Theorie und Praxis braucht. In dem Herausgeberband wird vor dem Hintergrund dieser Diskussion gezeigt, mit welchen didaktischen Konzepten sowohl theoretische, methodische und praktische Kenntnisse und Fertigkeiten in unterschiedlichen Ausbildungseinrichtungen, vor allem Hochschulen und Akademien, vermittelt werden. Entstanden ist daraus ein Überblick von Best Practice Beispielen aus der Journalistenausbildung in den Journalistenausbildenden und Ausbilder aus Wissenschaft und Praxis. Ideen, Ziele, Vorgehensweisen und Methoden ihrer Lehre vorstellen.

A Confucian Approach to Media Ethics Yayu Feng, 2025-01-23 *A Confucian Approach to Media Ethics* offers a comprehensive theorization of an approach to media ethics based on the moral philosophy that originated from China and that profoundly influenced East Asian countries. This book engages with foundational concepts from Confucian ethics and explicates a new framework that can be used for guiding media practices as well as media ethics research and teaching. It suggests that the Confucian ideals of *He* (harmony), *Zhong* (equilibrium), and the notion of *Junzi* can be applied to guide intercultural media practices and sets out a fresh model for ethics education centered on *Xiuji* (self-cultivation) that is different from the training-based and decision-making-centered model prevalent in the Western classrooms. This is also a framework that emphasizes both individual moral growth and the moral character of the broader professional community. Filling a gap in the conversation between Eastern and Western approaches to media ethics, this innovative and important volume will offer new perspectives to students and scholars of media ethics, communication studies, and comparative philosophy.
