Education and the State in Modern Peru G. Espinoza, 2013-12-10 Espinoza's work illuminates how education was the site of ideological and political struggle in Peru during its early years as an independent state. Spanning 100 years and discussing both urban and rural education, it shows how school funding, curricula, and governance became part of the cultural process of state building in Peru. *Host Bibliographic Record for Bound with Item Barcode 30112044669122 and Others*, 2013

Trabalho Artesanal e Autenticidade do Ser: Um Percorso em Martin Heidegger Débora Inácia Ribeiro, 2020-02-20. Most solid, a group of women who meet weekly to do handicrafts such as sewing, embroidery, crocheting, painting, etc. The articles produced by them are sold and the income obtained is donated to assistance entities. This work finds in Martin Heidegger a rich theoretical framework to understand the context of socialization and work of the volunteers of the group. A investigation of the theme receives contributions from various fields of knowledge, seeking the interfaces between Philosophy, Education, Psychology, and History of Culture. The approach to the theme is phenomenological, as in Heidegger, finding its more radical sense in the hermeneutic of facticity.
