Metro Exodus Main & Side Mission Game Guide: Main & Side Mission Walkthrough Vince Andrew Dela Cruz,2019-03-17 Metro Exodus for PC PS4 and XONE is a post apocalyptic firstperson shooter and a part of the Metro game series Just like the series previous installments Metro 2033 and Metro Last Light it was developed by 4A Games The game takes us to a post apocalyptic world where civilization was destroyed by a world wide nuclear war Once again we play as Artyom who along with a group of survivors has to leave the tunnels of the Moscow subway and go east through the devastated world in search of a new home This time campaign takes place during a whole year allowing us to see the post nuclear war world during different seasons Metro Exodus for PC PS4 and XONE is an evolution of ideas and solutions from the two previous games As usual we get a firstperson shooter where we will focus on exploration combat and sneaking This time however most of the story campaign takes place on the surface on big open maps that give us more freedom than the areas from the previous Metro games More sandbox like gameplay is not the only change we can see here To move between the locations we will use Aurora a revamped steam railway engine Dynamic weather and the day night cycle were also implemented The plot in Metro Exodus is non linear to some extent Our decisions and actions influence who will survive the journey and who will die along the way Metro games are known for their stunning visuals and it can also be said about Metro Exodus for PC PS4 and XONE The game has one of the best looking visuals out there Its highly detailed world is even more impressive if we consider how much bigger the locations are now when compared to the series previous installments Metro Exodus is the third installment of the fan favorite series by 4A Games and the first such extensive game in the franchise Our guide includes a walkthrough for every main and side mission Our walkthrough for Metro Exodus has been divided into locations Moscow the Volga the Caspian Sea Taiga and the Dead City Also our guide has descriptions for the short stages dividing the game into the seasons winter spring summer and fall In Metro Exodus you will find several side missions For completing them you will receive additional items that can make your gameplay easier

Best Tips and Walkthrough for Metro Exodus Minh Hoang Pham,2019-09-07 Metro Exodus is a first person story driven shooter based on the Metro novels by Dmitry Glukhovsky In fact the story for Metro Exodus was co developed in collaboration with Glukhovsky In keeping with its novel origins the game is divided into a series of chapters with diary entries by the lead character Artyom that recap what just happened and set the tone for what s to come Do I need to play the previous Metro games This always comes down to personal preference but the game does a good job at introducing newcomers to the game as the entire adventure is set in post apocalyptic Russia and focussed on Artyom seeking out a life beyond the Metro something many of his peers don t even believe exists Mechanically you are constantly given on screen
