has experience from many past lives it knows immediately that it has been set free and is going home The energy of the soul is able to divide into identical parts similar to a hologram 2 Orientation periods with our guides which take place before joining our cluster group vary between souls and between different lives for the same soul The meeting may be long or short depending on the circumstances of what we did or did not accomplish with regard to our life contract 3 The welcoming committee waits until the returning soul actually returns to their spirit group The group may be isolated in a classroom gathered around the steps of a temple or sitting in a garden 4 The spirit world is not hierarchical but rather it is filled with kindness tolerance and absolute love There is far more order than corruption and no one is treated differently based on their status
