[Edited by J. S. Holme, music arranged by J. Zundal, C. Beecher and R. R. Raymond. John Stanford Holme, 1875 Handbook of Music and World Christianities Suzel Ana Reily, Jonathan M. Dueck, 2016-03-16 The Oxford Handbook of Music and World Christianities investigates music s role in everyday practice and social history across the diversity of Christian religions and practices around the globe The volume explores Christian communities in the Americas Europe Africa Asia and Australia as sites of transmission transformation and creation of deeply diverse musical traditions The book s contributors while mostly rooted in ethnomusicology examine Christianities and their musics in methodologically diverse ways engaging with musical sound and structure musical and social history and ethnography of music and musical performance These broad materials explore five themes music and missions music and religious utopias and other oppositional religious communities music and conflict music and transnational flows and music and everyday life The volume as a whole then approaches Christian groups and their musics as diverse and powerful windows into the way in which music religious ideas capital and power circulate and change between places now and historically It also tries to take account of the religious self understandings of these groups presenting Christian musical practice and exchange as encompassing and negotiating deeply felt and deeply rooted moral and cultural values Given that the centerpiece of the volume is Christian religious musical practice the volume reveals the active role music plays in maintaining and changing religious moral and cultural values in a long history of intercultural and transnational encounters **Lost Chords and Christian Soldiers** Ian Bradley, 2013-07-31 Arthur Sullivan is best known as W S Gilbert's collaborator in the Savoy Operas However Sullivan was far from being simply a composer of light operettas At the height of his fame and popularity in late Victorian Britain Sullivan was regarded as the nation's leading composer of sacred oratorios on a par with Mendelssohn and Brahms Yet despite his contemporary popularity and enduring legacy little attention has been given to Sullivan's sacred work. The last twenty years have seen a considerable revival of interest in and critical appreciation for this aspect of Sullivan's work Lost Chords and Christian Soldiers provides the first detailed comprehensive critical study and review of Sullivan's church and sacred music As well as exploring issues of repertoire and ecclesiology involved in these and other formative influences and experiences consideration will be given to how far Sullivan's own personal beliefs and faith influenced his settings of sacred texts and the extent to which his own spiritual and theological leaning are expressed in his choice of material and style of setting Sullivan s motivation in setting religious texts will be probed and comparison will be made with the motivation output and approach of his closest contemporaries in this field most notably Stainer Parking Lot Picker's Songbook - Banjo Dix Bruce.Bill Evans, 2010-12-29 A collection of over 200 great bluegrass old time country and gospel standards Melodies are presented
