gender that provide the necessary legitimacy for the witch hunt to take place In most cases examined here seemingly petty conflicts within the villagers often escalate to a hunt At the height of the conflict the exploitative relationship between the plantation management and the adivasi migrant workers often gets hidden The book demonstrates how witchcraft accusations should be interpreted within this backdrop of labor planters relationship characterized by rigidity of power patronage and social distance Witches Tea Plantations and Lives of Migrant Laborers in India should appeal to criminologists sociologists anthropologists labor historians gender scholars labor migration scholars witch hunt and witchcraft accusation global scholars adivasi scholars South Asian scholars and anyone interested in India s tribes witchcraft accusations gender in a global world labor conflict and Indian tea plantations Secret Body Jeffrey J.
