HIGH STAKES DECISION-MAKING FOR SUCCESS

Kevin Cashman

Beating the Global Odds Paul A. Laudicina, 2012-10-09 The Answer to Global Overload Contending with the 24 7 news cycle and an endless barrage of choices and information has stymied leadership and decision making strategies among those at the top But we all know this is not a just a problem for the elite The broad based reaction to this chaotic unmanageable assault has been to retrench and to focus on immediate controllable decisions In the process we lose sight of the horizon More dangerous still is the shift we ve seen from value creation to wealth creation where information technology 1 0 has enabled a transaction based society in which the deal is more important than the value it drives or the relationships it is based on On our current path the odds of a better future are slim What we need is a new value proposition Beating the Global Odds is the answer to the dangers of too much of a good thing There's no going back but there is the opportunity to set things right In this book Paul A Laudicina Managing Partner and Chairman of the Board of global consulting firm A T Kearney provides a fast paced and engaging tour of how we got to this point and what we can do about it Drawing on examples from everything from world history and current media to anecdotes from his vast network of CEOs and the world s most innovative thinkers Laudicina helps bring our world of seemingly fuzzy and disconnected pixels into sharp focus The result is a compelling case for change and call to action not only for global leaders but also for everyone who struggles with the guestion of how we can inspire and seize a better future how we can beat the global odds The Pause Principle Kevin Cashman, 2012-10 Nearly everyone experiences the suffering of overwork over stimulation overachievement and hyper expectation More than just a work or philosophy or spirituality The Pause Principle provides real tools and practices to make pausing a part of every leader s life The Best Job in the World - The PepsiCo Walkers crisp Marketing Case Study Martin Glenn, In this digital video book PepsiCo UK and Ireland President Matin Glenn charts the meteoric rise of Walkers crisps to Britain's number one FMCG brand providing insights into innovation 360 brand communications managing high performance teams and how to remain a market leader in today's crowded FMCG market The Mammoth Book of Poker Paul Mendelson, 2008-05-29 The most complete guide ever to taking up poker and winning Comprehensive and easy to follow The Mammoth Book of Poker enables even those new to the game to begin and win at home in casinos in tournaments and online Written by leading card games author Paul Mendelson and packed with top tips this invaluable new guide helps you understand your chances appreciate the percentages and master the odds that your hand improves All aspects of poker are covered including Online poker Texas Hold Em Omaha Seven Card Stud Hi Lo Split and all other variants No Limit Limit Killer online play Casino play Advanced strategies Tournament play and listings With over 500 pages The Mammoth Book of Poker gives all you need to know to get started and win from the outset Transpacific ,1993 The Mindset and Strategy of Billionaires: How the Wealthy Think and Operate Silas Mary, 2025-02-14 Billionaires don t think like the average person they think bigger bolder and with a strategic mindset This book explores the mindset and strategies that have allowed

the wealthiest people in the world to build empires and achieve unparalleled success You ll learn how billionaires approach risk create multiple streams of income and make decisions that lead to exponential growth Understanding the thinking patterns of billionaires is key to replicating their success This book provides insights into how these high net worth individuals operate how they make moves that others wouldn t dare to make and how they build wealth by leveraging opportunities that most people overlook By adopting the mindset of the wealthy and applying the strategies they use you ll learn how to build your own fortune and create lasting wealth Less is More Kimberly Campbell, 2007 Less Is More is full of powerful ideas for teaching with short provocative text This book broadens and extends our available teaching tools and materials and can help engage all students It is a valuable resource for language arts teachers Cris Tovani Language arts teachers want all of their students to love literature and embrace the novels they assign The classroom reality is that many students are not ready or motivated to immerse themselves in an entire novel In order to reach and engage all students teachers need to look beyond novels alone and embrace a richer variety of literature In Less Is More Kimberly Hill Campbell draws on research as well as her own classroom experiences to show how short texts engage a wide range of middle and high school students She shares her discovery of the power of short texts to support her students skills as readers writers and students of literature Kimberly shows how short texts can be integrated into the curriculum without sacrificing required novels Chapters examine different genres of short text such as short stories essays memoir and graphic novels Each chapter provides reading writing and response strategies as well as a broad selection of short text resources that have proven effective with a wide range of students War and Chance Jeffrey A. Friedman, 2019-04-01 Uncertainty surrounds every major decision in international politics Yet there is almost always room for reasonable people to disagree about what that uncertainty entails No one can reliably predict the outbreak of armed conflict forecast economic recessions anticipate terrorist attacks or estimate the countless other risks that shape foreign policy choices Many scholars and practitioners therefore believe that it is better to keep foreign policy debates focused on the facts that it is at best a waste of time to debate uncertain judgments that will often prove to be wrong In War and Chance Jeffrey A Friedman shows how foreign policy officials often try to avoid the challenge of assessing uncertainty and argues that this behavior undermines high stakes decision making Drawing on an innovative combination of historical and experimental evidence he explains how foreign policy analysts can assess uncertainty in a manner that is theoretically coherent empirically meaningful politically defensible practically useful and sometimes logically necessary for making sound choices Each of these claims contradicts widespread skepticism about the value of probabilistic reasoning in international politics and shows how placing greater emphasis on assessing uncertainty can improve nearly any foreign policy debate A clear eyed examination of the logic psychology and politics of assessing uncertainty War and Chance provides scholars and practitioners with new foundations for understanding Warlords and Coalition Politics in Post-Soviet States one of the most controversial elements of foreign policy discourse

Jesse Driscoll, 2015-07-02 This book presents an account of war settlement in Georgia and Tajikistan as local actors maneuvered in the shadow of a Russian led military intervention Combining ethnography and game theory and quantitative and qualitative methods this book presents a revisionist account of the post Soviet wars and their settlement Fear and Take Massive Risks: How to Move Fast, Make Bold Moves, and Win Big Silas Mary, 2025-02-26 Fear is often the greatest barrier to taking bold action but it doesn t have to be Destroy Fear and Take Massive Risks teaches you how to confront and conquer your fears so that you can make big bold moves that lead to extraordinary success This book shows you how to build the courage to take calculated risks move fast and embrace opportunities that others might shy away from By learning how to control your fear develop mental resilience and act decisively you will position yourself to achieve bigger more meaningful results Whether you re an entrepreneur investor or anyone looking to take your life to the next level this book will give you the tools to overcome fear take massive action and win big **International Gaming & Wagering** Business ,2008 Handbook of New Institutional Economics Claude Ménard, Mary M. Why Presidents Fail Richard M. Pious, 2008-07-25 Presidents are surrounded by political strategists and White House counsel who presumably know enough to avoid making the same mistakes as their predecessors Why then do the same kinds of presidential failures occur over and over again Why Presidents Fail answers this question by examining presidential fiascos quagmires and risky business the kind of failure that led President Kennedy to groan after the Bay of Pigs invasion How could I have been so stupid In this book Richard M Pious looks at nine cases that have become defining events in presidencies from Dwight D Eisenhower and the U 2 Flights to George W Bush and Iraqi WMDs He uses these cases to draw generalizations about presidential power authority rationality and legitimacy And he raises questions about the limits of presidential decision making many of which fly in the face of the conventional wisdom about the modern presidency
