Beethoven And His World A Biographical Dictionary:

Beethoven and His World H. P. Clive, 2001 Following the author's acclaimed biographical dictionaries on Schubert and Mozart Beethoven and His World offers an extremely comprehensive and up to date survey of the composer's relations with a multitude of persons with whom he associated on a personal or professional basis relatives friends acquaintances librettists poets publishers artists patrons and musicians With more than 450 entries the dictionary is the result of a wide ranging examination of primary and secondary sources and critically assesses the use which scholars have made of the considerable documentation now available In particular there are numerous references to Beethoven's correspondence and conversation books which have recently been published in excellent new editions The book places the composer and his music in a fuller context and a wider perspective than might be possible in a traditional biography it will appeal to all music lovers both the Brahms and His World Peter Clive, 2006-10-02 As an influential and well connected scholar and the non specilaist alike composer Johannes Brahms 1833 1897 had encountered befriended and collaborated with hundreds of people over his significant career In Brahms and His World A Biographical Dictionary author Peter Clive provides extensive and up to date information on the composer's personal and professional association with some 430 persons. These persons include relatives friends acquaintances and physicians fellow musicians and composers whom Brahms particularly admired and in the editions of whose works he was involved conductors instrumentalists and singers who took part in notable or first performances of his works poets whose texts he set to music publishers and artists and even the rulers of certain German states with whom he had significant contact Offering information not usually available in Brahms biographies this volume combines findings from both primary and secondary sources giving insights into Brahms character his life and his career and shedding light on the educated middle and upper class culture of the nineteenth century A comprehensive chronology of Brahms life a bibliography and two indexes round out this important reference guide A New General Biographical Dictionary Hugh James **Beethoven** Jan Caevers, 2012 A New General Biographical Dictionary Hugh James Rose (B.D.),1848 Rose, 1857 Α New General Biographical Dictionary: ed. by Thomas Wright Hugh James Rose, 1857 Cassell's Biographical Dictionary, etc. [With plates. Beethoven's 35 Piano Sonatas Barry Cooper, 2017-04-05 Beethoven's piano sonatas are a cornerstone of the piano repertoire and favourites of both the concert hall and recording studio The sonatas have been the subject of much scholarship but no single study gives an adequate account of the processes by which these sonatas were composed and published With source materials such as sketches and correspondence increasingly available the time is ripe for a close study of the history of these works Barry Cooper who in 2007 produced a new edition of all 35 sonatas including three that are often overlooked examines each sonata in turn addressing questions such as Why were they written Why did they turn out as they did How did they come into being and how did they reach their final form Drawing on the composer's sketches autograph scores and early printed editions as well as contextual material such as correspondence Cooper explores the links between the notes and symbols found in the musical texts of the sonatas and the environment that brought them about The result is a biography not of the composer but of the works themselves Entangled Histories Claudio Vellutini, 2025 In 1828 Friedrich Overbeck an artist born in L beck trained in Vienna and then working in Rome unveiled what was to become one of his most celebrated paintings Italia und Germania fig I 1 The work was seventeen years in the making and resulted from a long meditation on the theme of cultural reciprocity and fraternity Overbeck portrays Italy and Germany as two women holding hands a symbolic image of sisterly complementarity between two different cultures Today this iconographic choice may seem puzzling in light of later accounts of nineteenth century Italian and German cultural rivalry yet at the time it resonated with the experience of Overbeck and many intellectuals and artists whose lives and careers developed across the Alps and whose works benefitted from the sisterly complementarity of the two cultural traditions Italia und Germania prompts us to reconsider assumptions about early nineteenth century Italian and German cultural relationships Library of the World's Best Literature, Ancient and Modern: Biographical dictionary Charles Dudley Warner, 1898 The Castrato Martha Feldman, 2015-02-20 The Castrato is a nuanced exploration of why innumerable boys were castrated for singing between the mid sixteenth and late nineteenth centuries It shows that the entire foundation of Western classical singing culminating in bel canto was birthed from an unlikely and historically unique set of desires public and private aesthetic economic and political In Italy castration for singing was understood through the lens of Catholic blood sacrifice as expressed in idioms of offering and renunciation and paradoxically in satire verbal abuse and even the symbolism of the castrato's comic cousin Pulcinella Sacrifice in turn was inseparable from the system of patriarchy involving teachers patrons colleagues and relatives whereby castrated males were produced not as nonmen as often thought nowadays but as idealized males Yet what captivated audiences and composers from Cavalli and Pergolesi to Handel Mozart and Rossini were the extraordinary capacities of castrato voices a phenomenon ultimately unsettled by Enlightenment morality Although the castrati failed to survive their musicality and vocality have persisted long past their literal demise Beethoven, A Life Jan Caeyers, 2022-05-03 With unprecedented access to the archives at the Beethoven House in Bonn Beethoven conductor and

scholar Jan Caeyers weaves together a deeply human and complex image of Beethoven his troubled youth his unpredictable mood swings his desires relationships and conflicts with family and friends the mysteries surrounding his affair with the immortal beloved and the dramatic tale of his deafness Caeyers also offers new insights into Beethoven s music and its gradual transformation from the work of a skilled craftsman into that of a consummate artist Publisher marketing Taking Stock - Twenty-Five Years of Comparative Literary Research ,2019-10-29 Read an interview with Norbert Bachleitner In this 200th volume of Internationale Forschungen zur Allgemeinen und Vergleichenden Literaturwissenschaft the editors Norbert Bachleitner Achim H H lter and John A McCarthy take stock of the discipline It focuses on recurrent questions in the field of Comparative Literature What is literature What is meant by comparative Or by world What constitute transgressions or refractions What ultimately does being at home in the world imply When we combine the answers to these individual questions we might ultimately reach an intriguing proposition Comparative Literature contributes to a sense of being at home in a world that is heterogeneous and fractured rather than affirming a monolithic canon marked by territory and homogeneity The volume unites essays on world literature literature in the context of the history of ideas comparative women and gender studies aesthetics and textual analysis and literary translation and tradition Brahms's Elegies Nicole Grimes, 2019-01-24 A unique insight into the relationship between Brahms's music and his philosophical and literary context A new general biographical Dictionary projected and partly arranged by the late Rev. Hugh from a modernist perspective James Rose ,1848 A Biographical Dictionary John Lauris Blake, 1859 Beethoven's Immortal Beloved Stefan Romano, 2024-06-17 The day after Beethoven's death on March 26 1827 his friends found in a secret drawer of his desk together with his will and two miniature portraits of two young women a ten page letter dated July 6 in the morning that began with the intriguing incantation My angel my all myself It included no address and no name of the addressee except for the now famous my immortal beloved hyperbole containing passionate declarations of love and was signed L forever yours forever mine forever us Thus was born a biographical mystery of the artistic canon of the Western World second only in tantalizing appeal to the identity of the person signing as William Shakespeare Two hundred years later biographers still have not come to a consensus on the mystery Of the many candidates advanced in the meantime only a few have survived in biographical literature Stefan Roman's book brings the controversy to a close It clarifies the existing evidence that has often been muddled and at times reached the absurd during almost two centuries of scholarly speculations He also adds some new insights into the analysis of the evidence thus making it easier for readers to draw their own conclusions hopefully not different from his namely that only one of the candidates proposed so far fits the evidence He also provides a substantially modified scenario from the one advanced by her proponents Born in Romania during WWII and immigrated to the U S A in 1989 Stefan Roman is not a musician nor a musicologist He is an engineer by formation a man of exactitude and clear and logical thinking qualities that served him thoroughly when he became an amateur Beethoven scholar A long time member of

American Beethoven Society and of its French counterpart Association Beethoven France et Francophonie he has published in their professional journals bringing valuable contributions to understanding Beethoven's life and creation His Ending the Fifth article answered a question that had puzzled musicians scholars and music lovers alike for two hundred years why does Beethoven's Fifth Symphony end with that apparently interminable series of C major chords He took up the pen by force of circumstance for his Beethoven's Immortal Beloved when he realized that all the proposed solutions to the mystery relied on wild speculation and sometimes even falsifying the existing evidence Schubert's Reputation from His Time to Ours Geoffrey Block, 2024-12-30 The composer Franz Schubert 1797 1828 was not bereft of early advocates from Schumann Liszt and Mahler to Sir George Grove Brahms famously heralded Schubert as the true successor to Beethoven Nevertheless it was not until the end of the twentieth century that Schubert's major instrumental works finally and fully emerged from Beethoven s shadow Critics and scholars began to reinterpret Schubert's departures from Beethoven's formal and stylistic characteristics and to see these departures not as flaws but as strengths and hallmarks of a new paradigm Schubert's alternate constructions of masculine subjectivities first described by Schumann in 1838 parallel a developing appreciation for lyricism melody and song traits historically regarded as feminine Consequently Schubert's approach is increasingly viewed as innovative and divergent rather than defective and deviant Schubert's Reputation from His Time to Ours tells the story of how and why this has happened
