Di Leo, 2018-11-15 The Bloomsbury Handbook of Literary and Cultural Theory is the most comprehensive available survey of the state of theory in the 21st century With chapters written by the world's leading scholars in their field this book explores the latest thinking in traditional schools such as feminist Marxist historicist psychoanalytic and postcolonial criticism and new areas of research in ecocriticism biopolitics affect studies posthumanism materialism and many other fields In addition the book includes a substantial A to Z compendium of key words and important thinkers in contemporary theory making this an essential resource for scholars of literary and cultural theory at all levels *Difference, Dialogue, and Development* Lakshmi Bandlamudi, 2015-12-22 Difference Dialogue and Development is an in depth exploration of the collected works of Mikhail Bakhtin to find relevance of key concepts of dialogism for understanding various aspects of human development Taking the reality of differences in the world as a given Bandlamudi argues that such a reality necessitates dialogue and actively responding to that necessity leads to development The varied works of Bakhtin that span several decades passing through the most tumultuous period in Russian history are brought under one banner of three D's Difference Dialogue and Development and the composite features of the three D's emerge as leitmotifs in every chapter **Dostoevsky's Crime and Punishment** Robert Guay, 2019-04-26 The gruesome double murder upon which the novel Crime and Punishment hinges leads its culprit Raskolnikov into emotional trauma and obsessive destructive self reflection But Raskolnikov's famous philosophical musings are just part of the full philosophical thought manifest in one of Dostoevsky's most famous novels This

volume uniquely brings together prominent philosophers and literary scholars to deepen our understanding of the novel's full range of philosophical thought. The seven essays treat a diversity of topics including language and the representation of the human mind, emotions and the susceptibility to loss, the nature of agency, freedom and the possibility of evil, the family and the failure of utopian critique, the authority of law and morality and the dialogical self. Further, authors provide new approaches for thinking about the relationship between literary representation and philosophy and the way that Dostoevsky labored over intricate problems of narrative form in *Crime and Punishment*. Together, these essays demonstrate a seminal work's full philosophical worth: a novel rich with complex themes whose questions reverberate powerfully into the 21st century. **The**

Oxford Handbook of Russian Religious Thought Caryl Emerson, George Pattison, Randall A. Poole, 2020-09-04. The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins, development and influence of one of the richest aspects of Russian cultural and intellectual life: its religious ideas. After setting the historical background and context, the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals, including seventy years of officially atheist communist rule and the growth of an exiled diaspora, with e.g. its journal *The Way*. Therefore, the shape of Russian religious thought cannot be separated from long-running debates with nihilism and atheism. Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution, whilst some views were shaped by prison experiences. Before the Soviet period, Russian national identity was closely linked with religion, linkages which again are being forged in the new Russia. Relevant in this connection are complex relationships with Judaism. In addition to religious thinkers such as Philaret, Chaadaev, Khomiakov, Kireevsky, Soloviev, Florensky, Bulgakov, Berdyaev, Shestov, Frank, Karsavin and Alexander Men, the Handbook also looks at the role of religion in aesthetics, music, poetry, art, film and the novelists Dostoevsky and Tolstoy. Ideas, institutions and movements discussed include the Church, academies, Slavophilism and Westernism, theosis, the name glorifying *imiaslavie* controversy, the God-seekers and God-builders, Russian religious idealism and liberalism and the Neopatristic school. Occultism is considered as is the role of tradition and the influence of Russian religious thought in the West. **Theoretical Schools and Circles in the Twentieth-Century Humanities** Marina Grishakova, Silvi

Salupere, 2015-04-10. Schools and circles have been a major force in twentieth-century intellectual movements. They fostered circulation of ideas within and between disciplines, thus altering the shape of intellectual inquiry. This volume offers a new perspective on theoretical schools in the humanities, both as generators of conceptual knowledge and as cultural phenomena. The structuralist, semiotic, phenomenological and hermeneutical schools and circles have had a deep impact on various disciplines, ranging from literary studies to philosophy, historiography and sociology. The volume focuses on a set of loosely interrelated groups with a strong literary, linguistic and semiotic component but extends to the fields of philosophy and history, the interdisciplinary conjunctions arising from a sense of conceptual kinship. It includes chapters on unstudied or less

studied groups such as Tel Aviv School of poetics and semiotics or the research group Poetics and Hermeneutics The volume presents a significant supplement to the standard historical accounts of literary critical and related theory in the twentieth century It enhances and complicates our understanding of the twentieth century intellectual and academic history by showing schools and circles in the state of germination dialogue controversy or decline in their respective historical and institutional settings while reaching simultaneously beyond those dense settings to the new cultural and ideological situations of the twenty first century

Dialogic Methodology for Transdisciplinary Practice-Based Research E. Jayne White,Mahtab Janfada,2025-01-31 Dialogic methodology is a specific approach to research that invites creative engagement with plural voices and their meanings in lived experience It draws from the writings of Russian philosopher Mikhail Bakhtin who established an agenda for the study of dialogue In Dialogic Methodology for Transdisciplinary Practice Based Research E Jayne White and Mahtab Janfada introduce the premises processes and practices of dialogic methodology as a legitimised approach to the transdisciplinary study of practice Drawing on a series of Bakhtin s original writings and dynamic interviews from dialogic scholars across the globe the authors advocate approaches to research that invite speculative inquiry and even question the original assertions

that oriented the issue in the first place As White and Janfada set out an alternative pathway for scholars and students to contemplate the relevance of dialogism for their research they offer an expansive possibility for contemplating issues paradoxes or problems across diverse practice contexts They present their approach as an alternative methodological framework for research in educational contexts emphasizing the subjectivities that support and or thwart their effectiveness and purpose Hence this methodology seeks points of departure from traditional object subject based research on or about the other to interdisciplinary investigations that determinedly bring all parties into investigation and inquiry Synthesizing the latest research in the field and translating complex ideas into real life practice contexts this book walks readers through the ins and outs of dialogic methodology with a view of how to apply the approach to their own research and practice Under Western Eyes Allan Simmons, John Henry Stape, Jeremy Hawthorn, 2011 Characterized by Conrad himself as his most deeply meditated novel *Under Western Eyes* enjoyed a warm reception on its publication in October 1911 In the century since it has rewarded readers with various pleasures Exploring the intertwined subjects of personal morality the nature of the State national character and identity and covertly digging into the tensions of his family's past the novel is the last of Conrad's sustained excursions into overtly political territory This collection of eleven essays considers Conrad's achievement from several perspectives Opening with a provocative essay on the text's genesis it surveys intertextual relations and influences considers its ethical challenges its psychological appeal to our time and its contemporary reception and reception in Russia Addressed to the scholar of literary Modernism *Under Western Eyes Centennial Essays* offers a vivid snapshot of current critical technologies This well balanced collection should help the student and classroom teacher alike in pursuing further the novel's richly layered interests *Joseph Conrad's Cultural Legacy* Linda Dryden, Robert Hampson, 2024-09-19 In 2024 the literary community commemorates the 100th anniversary of the death of Joseph Conrad This volume of collected essays takes the opportunity to reflect on Conrad's enduring influence on literature and culture in the 21st century Offering reflections on Conrad's legacy by leading critics and scholars in the field of Conrad studies as well as by significant figures in the arts and cultural sector it represents a unique contribution to Conrad studies and provides an overview of how the author continues to inspire and shape contemporary literature and culture in the 21st century Covering a broad range of topics from discussions of how Conrad has inspired contemporary films and operas through to the pertinence of his works to current conflicts and key contemporary issues *Joseph Conrad's Cultural Legacy* offers unique original insights into the enduring relevance of one of the leading literary figures of the 20th century **Creating Democracy** Charles Hersch, 2025-02-03 *Creating Democracy* brings into dialogue for the first time two important theorists of democracy Hannah Arendt 1906-75 and Mikhail Bakhtin 1895-975 Their shared conception of democracy stemming from their encounters with totalitarian governments Nazi Germany for Arendt and Stalinist Russia for Bakhtin and the rise of authoritarian populism in both Europe and America make their ideas more relevant than ever Charles Hersch contends that Arendt and Bakhtin have a unique

vision of democracy that centers on creation and creativity These two thinkers imagine a world that both makes room for the cultivation and expression of each person's individuality and facilitates healthy interdependence one that does not reduce us to sameness They also describe the many threats to such a humanistic world whether ideological social or political Creating Democracy also makes a unique contribution to debates in political theory about the possibility of freedom in modern society Offering an alternative to poststructuralism and liberalism Arendt and Bakhtin show us how in a variety of complex ways subjects who are influenced by their culture especially by the language in which they speak and think can nonetheless help construct themselves and the world For both thinkers humans are meaning making beings who shape the world primarily through language even as it shapes us This book brings to light a rich vision of democracy that is sorely needed in a time when authoritarianism threatens us more than it has in decades Students and scholars in political science cultural studies and literature will all find this book indispensable

Narrative Faith David Stromberg, 2017-10-18 Narrative Faith engages with the dynamics of doubt and faith to consider how literary works with complex structures explore different moral visions The study describes a literary *petite histoire* that problematizes faith in two ways both in the themes presented in the story and the strategies used to tell that story leading readers to doubt the narrators and their narratives Starting with Dostoevsky's *Demons* 1872 a literary work that has captivated and confounded critics and readers for well over a century the study examines Albert Camus's *The Plague* 1947 and Isaac Bashevis Singer's *The Penitent* 1973 83 works by twentieth century authors who similarly intensify questions of faith through narrators that generate doubt The two postwar novelists share parallel preoccupations with Dostoevsky's art and similar personal philosophies while their works constitute two literary responses to the cataclysm of the Second World War extending questions of faith into the current era The book's last section looks beyond narrative inquiry to consider themes of confession and revision that appear in all three novels and open onto horizons beyond faith and doubt to hope

Persistent Forms Ilya Kliger, Boris Maslov, 2015-12-14 Since the mid 1980s attempts to think history and literature together have produced much exciting work in the humanities Indeed some form of historicism can be said to inform most of the current scholarship in literary studies including work in poetics yet much of this scholarship remains undertheorized Envisioning a revitalized and more expansive historicism this volume builds on the tradition of Historical Poetics pioneered by Alexander Veselovsky 1838 1906 and developed in various fruitful directions by the Russian Formalists Mikhail Bakhtin and Olga Freidenberg The volume includes previously untranslated texts of some of the major scholars in this critical tradition as well as original contributions which place that tradition in dialogue with other thinkers who have approached literature in a globally comparatist and evolutionary historical spirit The contributors seek to challenge and complement a historicism that stresses proximate sociopolitical contexts through an engagement with the *longue durée* of literary forms and institutions In particular Historical Poetics aims to uncover deep historical stratifications and asynchronicities in which formal solutions may display elective affinities with other chronologically distant solutions to

analogous social and political problems By recovering the traditional nexus of philology and history Persistent Forms seeks to reinvigorate poetics as a theoretical discipline that would respond to such critical and intellectual developments as Marxism New Historicism the study of world literature practices of distant reading and a renewed attention to ritual oral poetics and genre

Memory and Narrative Ethics Jacob Lothe, 2025-03-26 As the last survivors of the Holocaust pass away the challenge of maintaining and extending our knowledge of this critical historical event becomes increasingly urgent Without the firsthand testimonies of survivors our understanding of the Holocaust is at risk of becoming diluted or distorted The narratives that shape our collective memory whether through testimony fiction or film are essential in preserving the true horror and lessons of the Holocaust This fading firsthand knowledge could lead to a loss of the ethical and historical gravity of Nazi Germany's mass murder of around six million Jews Memory and Narrative Ethics presents an original approach that combines narrative studies memory studies narrative ethics narrative psychology and Holocaust studies to analyze how different forms of narrative preserve Holocaust memory Through the approach of narrative hermeneutics and taking into account his own perspective as a European born after the Second World War Jakob Lothe offers insightful analysis of testimonies non fiction films novels and film adaptations and demonstrates how these narratives constructively respond to the ethical challenge of remembering the Holocaust By understanding and utilizing these diverse narrative forms we can maintain a vivid ethical and comprehensive collective memory of the Holocaust This ensures that future generations grasp the historical significance and moral lessons of this atrocity even as direct survivor testimonies soon become scarce

Resisting Dialogue Juan Meneses, 2019-12-24 A bold new critique of dialogue as a method of eliminating dissent Is dialogue always the productive political and communicative tool it is widely conceived to be Resisting Dialogue reassesses our assumptions about dialogue and in so doing about what a politically healthy society should look like Juan Meneses argues that far from an unalloyed good dialogue often serves as a subtle tool of domination perpetuating the underlying inequalities it is intended to address Meneses investigates how illusory dialogue a particular dialogic encounter designed to secure consensus is employed as an instrument that forestalls instead of fostering articulations of dissent that

lead to political change He does so through close readings of novels from the English speaking world written in the past hundred years from E M Forster s *A Passage to India* and Jeanette Winterson s *The Passion* to Indra Sinha s *Animal s People* and more *Resisting Dialogue* demonstrates how these novels are rhetorical exercises with real political clout capable of restoring the radical potential of dialogue in today s globalized world Expanding the boundaries of postpolitical theory Meneses reveals how these works offer ways to practice disagreement against this regulatory use of dialogue and expose the pitfalls of certain other dialogic interventions in relation to some of the most prominent questions of modern history cosmopolitanism at the end of empire the dangers of rewriting the historical record the affective dimension of neoliberalism the racial and nationalist underpinnings of the war on terror and the visibility of environmental violence in the Anthropocene Ultimately *Resisting Dialogue* is a complex provocative critique that melding political and literary theory reveals how fiction can help confront the deployment of dialogue to preempt the emergence of dissent and thus revitalize the practice of emancipatory politics
