Pleadings Without Tears A Guide To Legal Drafting Under:

Pleadings Without Tears William Rose, Roger Eastman, 2012-05-17 *Pleadings Without Tears* has become established as one of the most successful books on practical legal drafting in the context of litigation. This new eighth edition is fully updated to take account of Civil Procedure Rule (CPR) changes since the last edition. The book takes a practical and insightful look at the subject of legal drafting, enabling the reader to become more confident in approaching this often unnecessarily daunting subject. It focuses on core skills and fundamental rules while clearly addressing each stage of the process and goes beyond a straightforward setting out of the precedents and authorities relevant to statements of case. It gives clear examples of how to set out relevant matters with clarity and precision and encourages the reader to give full consideration to concise and clear identification of the subject matter of the action, the issues of the case and the parties' respective positions in respect of those issues. With a wealth of practical examples and anecdotes and illustrated throughout with cartoons, the light and entertaining style combined with detailed analysis and explanation enables the reader to easily acquire a good understanding of drafting.

Pleadings Without Tears William M. Rose, 2007 Takes a practical look at the subject of legal drafting under the Civil Procedure Rules. This book sets out the fundamental rules common to all good statements of case, enabling the reader to become confident in approaching this daunting but essential skill.

A Student Guide to Clinical Legal Education and Pro Bono Kevin Kerrigan, Victoria Murray, 2011-03-21

Clinical legal education, the participation by law students in the giving of legal advice and representation to actual clients, is playing an increasingly important role within UK law schools. Pro bono, the provision of free legal advice or representation for those who may otherwise have no access to justice, is a vital part of the legal profession's commitment to the rule of law. This book is written by members of staff at Northumbria University's ground-breaking legal clinic, the Student Law Office. The authors, all of whom are qualified solicitors, have applied their long experience of clinical legal education into providing an authoritative and practical guide to all aspects of the subject, from valuable advice on establishing a law clinic and the professional and ethical issues involved to practical skills such as interviewing, drafting and advocacy. Accompanying online resources for this title can be found at bloomsburyonlineresources.com, a student guide to clinical legal education and pro bono. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.
