Power and Everyday Practices, Second Edition Deborah Brock, Aryn Martin, Rebecca Raby, Mark P. Thomas, 2019-08-19
Rather than view social inequality as a problem for marginalized populations *Power and Everyday Practices* turns the spotlight on the ways power and privilege are produced and reproduced in our everyday worlds *Critical Perspectives on Social Control and Social Regulation in Canada* Mitch Daschuk, 2020-08-25T00:00:00Z How does social regulation shape who is deviant and who is normal *Critical Perspectives on Social Control and Social Regulation in Canada* is an introduction to the sociology of what has traditionally been called deviance and conformity This book shifts the focus from individuals labelled deviant to the political and economic processes that shape marginalization power and exclusion Class gender race and sexuality are the bases for understanding deviance and it is within these relations of power that the labels deviant and normal are socially developed and the behaviours of those less powerful become regulated This textbook introduces readers to theories and critiques of traditional approaches to deviance and conformity Using vivid and timely examples of contemporary social regulation and control this textbook brings to life how forces of social control and marginalization interact with social media sex work immigration anti colonialism digital surveillance and social movements and much more Theories and critiques are clarified with summaries definitions rich illustrative examples discussion questions recommended resources and test banks for instructors *Suizid und Geschlecht in der Moderne* Michaela Maria Hintermayr, 2021-11-08 Frauen nehmen sich aus Liebeskummer das Leben M nner ersch ttert der Verlust von Arbeit und Leistungsf higkeit Und Queersein selbst macht vulnerabel So verlockend diese geschlechtsbezogenen Erkl rungen sind so stereotyp sind sie auch Was sie so attraktiv macht ist ihr Versprechen suizidales Handeln zumindest etwas zu entr tseln Tats chlich ist die beschriebene Koppelung alles andere als harmlos Verdeckt sie doch Machtverh ltnisse und Gewalterfahrungen und st rkt insbesondere die heteronormative Geschlechterordnung Vor diesem Hintergrund avancierte das zahlreiche Sterbenwollen bester Jahrg nge zum Signifikat einer kulturellen Krise die sich als h chst produktiv erweisen sollte Die Autorin zeichnet ber einen Zeitraum von 100 Jahren nach wie sich die vergeschlechtlichen suizidalen Subjektivit ten in sterreich herausbildeten Dazu wertete sie wissenschaftliche institutionelle und journalistische Quellen sowie Fotografien aus Aber auch die Perspektive der direkt Betroffenen kam nicht zu kurz und wurde ber Tageb cher Lebenserinnerungen letzte Gr e und Briefwechsel rekonstruiert Die vorliegende Arbeit wurde mit dem Theodor K rner Preis f r Wissenschaft und Kunst der Republik sterreich ausgezeichnet *Self, Identity, and Collective Action* Francine Tremblay, 2023-08-29 Based on the work of George Herbert Mead Han Joas and Axel Honneth as well as the author s own personal and academic identities and journeys *Self Identity and Collective Action* argues that the self and action are strictly related Reading these authors provided Francine Tremblay with the theoretical ground to stand on while thinking about identity and how it is linked to civic participation She posits that Mead s work and its link to action must be revisited and given its rightful place in sociology and

that sociology must be radical committed and passionate Governing the Social in Neoliberal Times Deborah R. Brock, 2019-11-01 Neoliberalism is most commonly associated with free trade the minimal state and competitive individualism But in this latest stage of capitalism it is not simply national economies that are being neoliberalized it is us Inspired by Michel Foucault and other governmentality theorists the contributors to this volume reveal how neoliberalism's power to redefine normal is refashioning every facet of our lives from our consumer choices and approaches to the environment whether it be buying yoga pants or a hybrid car to larger questions of national security and border control By providing enlightening examples and case studies of neoliberalism in action this thought provoking volume not only reveals how we are being constituted as biopolitical and neoliberal subjects it encourages us to think of the world as more than a marketplace and to open ourselves up to the possibilities of resistance **Criminalization, Representation, Regulation**

Deborah Brock, Amanda Glasbeek, Carmela Murdocca, 2014-01-01 This book draws on Foucault's concept of governmentality as a lens to analyze and critique how crime is understood reproduced and challenged **Containing Diversity** Yasmeen Abu-Laban, Ethel Tungohan, Christina Gabriel, 2022-10-03 Although Canada is known internationally as a leader among industrialized countries for inclusive practices towards immigrants and refugees the twenty first century has witnessed a rise in the number of refugees and temporary migrant workers who are often denied citizenship and may also experience detention and deportation Containing Diversity examines to what extent Canada's long standing support for immigration multiculturalism and citizenship has shifted in favour of discourses policies and practices that contain diversity This book reflects on how diversity is being contained through practices designed to insulate the Canadian settler colonial state In assessing the Canadian government's policies towards refugees and asylum seekers economic migrants family class migrants temporary foreign workers and multiculturalism the authors show the various contradictory practices in effect Containing Diversity reflects on policy changes analysed alongside the resurgence of right wing political ideology and the realities of the COVID 19 pandemic Ultimately Containing Diversity highlights the need for a re imagining of new forms of solidarity that centre migrant and Indigenous justice **Representing the Exotic and the Familiar** Meenakshi Bharat, Madhu

Grover, 2019-11-28 The multicultural world of today is often said to be marked by a certain kind of exoticization a fetishizing process as Graham Huggan has called it which separates a first world from a third world the Occident from the Orient The essays collected here re assess this tendency not least by focusing on the kinds of intellectual tourism and dilettantism to which it has given rise The wider context of these analyses is a postcolonial scenario where literatures and languages can move from the exotic to the comparatively familiar space of contemporary writings where an exotic mythos can live on into the familiar present and where certain perceptions and representations of peoples of literatures and of languages have turned exoticization and familiarization into global modes of mass cultural consumption Especially by exploring the liminalities between different cultures this collection manages to trace both the history and the politics of exoticist

representation and in so doing to make a significant critical intervention Spain, the United States, and Transatlantic Literary Culture throughout the Nineteenth Century John C. Havard, Ricardo Miguel-Alfonso, 2021-09-30 The relationship between the United States and Spain evolved rapidly over the course of the nineteenth century culminating in hostility during the Spanish American War However scholarship on literary connections between the two nations has been limited aside from a few studies of the small coterie of Hispanists typically conceived as the canon in this area This volume collects essays that push the study of transatlantic connections between U S and Spanish literatures in new directions The contributors represent an interdisciplinary group including scholars of national literatures national histories and comparative literature Their works explore previously understudied authors as well as understudied works by better known authors They use these new archives to present canonical works in new lights Moreover they explore organic entanglements between the literary traditions and how those traditions interface with Latinx literary history **Choice** ,1997
