## **Peur Sur La Ville Lessentiel Plaisir:**

**Histoires de la nuit parisienne** Louis Chevalier, 2014-04-01 Ce livre rassemble des histoires de violence de plaisir et parfois d'amour qui se sont déroulées dans le Paris des vingt années après la Seconde guerre mondiale une des dernières belles époques de Paris. Certaines sont des faits divers曲折 racontés par la presse d'autres ont été relatés par des moins. Outre leur caractère dramatique, elles restituent le climat de Paris dans ces années et plus particulièrement du climat de ses nuits, fort différentes de celles d'aujourd'hui mais fidèles aux traditions culturelles. C'est ses nuits qu'on reconnaît une ville. Les gens travaillent le jour pour la récompense de la nuit. Un parcours nocturne pour l'amoureux de Paris commencera nécessairement par les Halles, le royaume de la nuit. Les Halles avec leurs montagnes de viandes et de légumes et leur dépliement de musculature avec les cafés auvergnats, les bistrots, les hôtels et les coins d'ombre. Les Halles où le peuple de la nuit vient chercher l'embûche et parfois la danse et où l'instinct a conduit pendant des siècles tant d'artistes et de créateurs. Dans le prolongement des Halles, Strasbourg Denis est la croisée de la ville, sorte de gare de triage de la nuit et de ses plaisirs. On y emmènera les destins des gens venus des beaux quartiers et des quartiers du nord et de l'est descendus par le Sbasto. Pas une seule de ces rues entre les deux portes monumentales qui n'a sa place dans un grand chapitre de l'histoire parisienne. Le lecteur découvrira la réalité disparue d'une ville merveilleuse, nouveau volet d'une vaste fresque de l'histoire de Paris qui a débuté avec les classes laborieuses, classes dangereuses au XIX<sup>e</sup> siècle et qui entend saisir l'âme d'une ville dans sa continuité et ses changements. Louis Chevalier est né à Aiguillon sur Mer en Vendée. Professeur honoraire au Collège de France, il tait depuis 1952 titulaire de la chaire Histoire et structures sociales de Paris et de la région parisienne. A créé l'Institut d'Etudes Politiques, un enseignement sur le théâtre Cinéma et civilisation et enseigne vingt ans un cours d'Histoire du XX<sup>e</sup> siècle. Docteur honoris causa de l'Université de Columbia.

**Du village alpin à l'événement planétaire** Jean Lévesque, Yann Roche, 2022-02-23T00:00:05:00 Longtemps considérés comme une annexe hivernale ou selon l'expression même de Coubertin un prélude aux vrais Jeux, les Jeux olympiques d'hiver ont reçu beaucoup moins d'attention que les Jeux d'été sous prétexte qu'ils attiraient moins d'athlètes, moins de spectateurs et que la compétition n'y concernait que quelques pays. Avec l'atteinte récente du seuil de deux milliards de spectateurs, les Jeux d'hiver sont en voie de devenir comme ceux d'été un spectacle mondial. En passant de 16 pays représentés en 1988 à moins d'un siècle d'existence, il s'est également produit une indéniable mondialisation des Jeux d'hiver, même si l'on y a toujours un certain déséquilibre en faveur des pays du Nord. Comme les Jeux nordiques qui les ont précédés ont permis les Jeux d'hiver comme appartenant au monde bucolique d'une simplicité idéalisée, des paysages enneigés des villages alpins isolés immunisés en quelque sorte des affres de la Realpolitik. Or rien n'est plus faux. En fait, ils ont souvent servi de vitrine politique des pays aux ambitions discutables et les menaces de boycottages passés ou présentes ne sont qu'un rappel de cette nature politique. La différence entre les enjeux politiques des Jeux d'hiver et des Jeux d'été en est une de degré pas de nature. Ce livre vise à soumettre les Jeux d'hiver à une lecture historique et géopolitique que

ceux d t aidant ainsi r tablir l quilibre dans l analyse des enjeux politiques des Jeux olympiques Plus important encore il s agira de la synth se la plus compl te des Jeux d hiver toutes langues confondues Le pr sent ouvrage fruit d une d marche pluridisciplinaire comblera une lacune flagrante dans l tude du sport Il int ressera autant le grand public que les personnes qui suivent d assez loin les Jeux d hiver celles qui se passionnent pour l vnement ou celles qui sont f rues d histoire du sport
