Tracing Tangueros Kacey Link, Kristin Wendland, 2016-01-29 *Tracing Tangueros* offers an inside view of Argentine tango music in the context of the growth and development of the art form's instrumental and stylistic innovations. Rather than perpetuating the glamorous worldwide conceptions that often only reflect the tango that left Argentina nearly 100 years ago, authors Kacey Link and Kristin Wendland trace tango's historical and stylistic musical trajectory in Argentina, beginning with the *guardia nueva*'s crystallization of the genre in the 1920s, moving through tango's Golden Age (1932-1955) and culminating with the Music of Buenos Aires today. Through the transmission, discussion, examination, and analysis of primary sources currently unavailable outside of Argentina—including scores, manuals of style, archival audio/video recordings, and live video footage of performances and demonstrations—Link and Wendland frame and define Argentine tango music as a distinct expression possessing its own musical legacy and characteristic musical elements. Beginning by establishing a broad framework of the tango art form, the book proceeds to move through twelve in-depth profiles of representative *tangueros* (tango musicians) within the genre's historical and stylistic trajectory. Through this focused examination of *tangueros* and their music, Link and Wendland show how the dynamic Argentine tango grows from one *tanguero* linked to another and how the composition techniques and performance practices of each generation are informed by that of the past.

Music and Coexistence Osseily Hanna, 2014-12-11 *Music and Coexistence: A Journey across the World in Search of Musicians Making a Difference* is both study and travelogue as author Osseily Hanna explores the courageous work of musicians who compose and perform with their ostensible enemies or in extraordinary social situations. He documents the political and economic constraints faced by musicians from the wall that encloses a refugee camp in Jerusalem to the tensions among KFOR and Carabinieri peacekeepers who keep Serbs and Kosovar Albanians apart to the cultural and linguistic suppression that afflicts minority communities in Turkey. A multilingual musician, Hanna examines the lives of the individuals and groups at the forefront of the effort to bridge ethnic, cultural, and religious divisions. Featuring musicians from thirteen different countries and territories across five continents, Hanna's story includes a remarkable cadre of performers such as the musicians who comprise Heartbeat, a group of Israeli and Palestinian youth who compose, record, and perform music together; the Albino musicians of Tanzania who regularly combat persecution by local shamans; the multiracial and thriving samba musicians in Sao Paulo; and a former child soldier from Cambodia who seeks to revive traditional music following the genocide in the 1970s. With photos taken by the author during his travels, this work is a unique contribution for those interested in world music and peace studies. This unique and remarkable work will open the eyes and the hearts of every musician and music lover who recognizes music as a universal language.

Le Grand Tango María Susana Azzi, Simon Collier, 2000 *Combining* deft musical analysis and intriguing personal insight, Azzi and Collier vividly capture the life of Piazzolla, the Argentinean musician, a visionary who won worldwide acclaim but sparked bitter controversy in his native land.
