Daily Motivational Quotes-If misery loves company, than motivation breeds success! Susan A. Enns,2010-12-13 This is a collection of my favorite motivational quotes all in one place Some are sales related some are business related but most are simply life related They are in no particular order just a random thought for each day of the year to help keep you on a positive note If the old saying misery loves company is true then motivation must breed happiness I have spent my entire career in one form or another in sales As such I have dealt with rejection almost every day of my working life Don t get me wrong I have had a very successful career but no sales person hears yes all the time In fact it is just the opposite We hear no many more times than we hear yes In sales rejection is just something we deal with every day When we let it get us down it shows to everyone we meet including our customers our colleagues and our family Essentially our negative attitude becomes our worst enemy Even if you are not in sales if you let your negative thoughts get the best of you you are your own worst enemy too Given my profession I have been asked many times how do I stay positive It can t be easy to keep the right attitude when you have to deal with rejection every day right Yes actually it can be I stay positive because I choose to stay positive I actually make a conscious effort to not be negative and to only be positive I discovered long ago that a motivational quote always puts me in the right frame of mind I started searching the internet for a daily quote that made me smile or motivated me in some way Each day I did this I found that I became better mentally prepared to tackle the day More importantly I was just happier I started to share what I found online I would put a daily motivational quote in my Facebook and LinkedIn statuses I would blog about them and I would

don't always learn something that we feel will affect our behavior for the rest of our lives. This separates a life lesson from everything else we learn. It is usually something we feel profoundly changed by. Life lessons can serve to help us understand ourselves better. Since the lesson is learned through the consequences of our actions or reactions in this way we can gain insight into how we think, act, and react in certain situations. Perhaps one of the biggest lessons we can ultimately learn is that while we can't control everything we can control our response to things.
