Consultation interventions are an increasingly popular alternative to clinical practice allowing the practitioner to interact with and affect many different individuals and organizations. This type of work challenges mental health professionals drawing on all the skills and resources they may possess yet also offers some of the greatest rewards and opportunities for service. Filled with numerous case examples and checklists, *Consultation Skills for Mental Health Professionals* contains a wealth of information on this important area of practice. Arise and Ascend Mari Tello, 2009-03 IT'S TIME TO ARISE ASCEND With loads of distractions in today's world it's quite simple for people to slip into a trap of false perception without realizing it. An untruth of where they may fit in and their purpose in life can quickly disrupt their mindset to settle for less than the wonderful plan God has for them. Unfortunately while the high paced society of technology and information are expediently rising, God's abundant freedom, restoration and purpose that is always available to mankind is at an alarming low within their lives. Evidence of this can be seen through the condition of people. Numerous individuals are depressed, lonely and dissatisfied with their present lifestyle. Far too many of them are women. In reference to women, why has there been a drastic decline of happiness, fulfillment, love and joy within their lives? In this book I will be exposing deception plots that have held back women from advancing in their God-given purpose and will be sharing why now is the time for women to awaken to who they are in Christ and explain how to undergo the transformation of change in order to lay hold of God's freedom, restoration, purpose and destiny for their lives. If you are a woman who desires to lay hold of God's premium for your life, then *Arise Ascend: A Woman's Cry To Freedom* is for you.
