[The Three Ages of Atlantis](#) Diego Marin, Ivan Minella, Erik Schievenin, 2013-11-28. Scientific and anthropological evidence for multiple Atlantean empires and the global catastrophes that destroyed them. Reveals that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examines geological evidence of super floods 15 000, 11 600, and 8 700 years ago. Shows how these flood dates directly parallel the freezing of Antarctica, the migrations of Cro-Magnon men, and the destruction of Atlantis according to Plato 15 000 years ago. The Earth's axis tilted, shifting the geographic poles. Volcanoes erupted, the icecaps melted, and the seas rose dramatically. Antarctica was enveloped in ice, destroying the high civilization of prehistory Atlantis. But before the survivors could reestablish what they had lost, catastrophe struck again. Uniting scientific findings with theories on the location of Atlantis, the authors reveal that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examining paleoclimatology data, they show that Antarctica was temperate 15 000 years ago and home to the original Atlantis. They explore geological evidence of three worldwide super floods 15 000, 11 600, and 8 700 years ago and show how these dates directly parallel the freezing of Antarctica, the arrival of Cro-Magnon man in Europe, and the destruction of Atlantis according to Plato. Uncovering the influence of the Atlanteans in Proto-Indo-European languages and in massive ancient monuments aligned with the stars, they show how the civilization founders in all early myths—the Pelasgians, Danaans, Viracocha, Aryans, and others—were part of the Atlantean diaspora and how this migration split into two major movements: one to Latin America and the other to Europe and Asia. Following the Atlanteans from a warm Antarctica up to Peru, Mexico, and the Mediterranean, they reveal that Cro-Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science, technology, and spirituality. **Turning the Hiram Key** Robert Lomas, 2005. *Catastrophobia* Barbara Hand Clow, 2001-05-01 Bestselling author Barbara Hand Clow examines legendary cataclysms and shows how we are about to overcome the collective fear they have instilled in us The long awaited follow up that continues the revelations begun in *The Pleiadian Agenda* which has sold more than 60 000 copies Explains why contrary to many prophets of doom we are actually on the cusp of an era of incredible creative growth The recent discovery of the remains of ancient villages buried beneath the Black Sea is the latest instance of mounting evidence that many of the mythic catastrophes of history the fall of Atlantis the Biblical Flood were actual events In *Catastrophobia* Barbara Hand Clow shows that a series of cataclysmic disasters caused by a massive disturbance in the Earth's crust 11 500 years ago rocked the world and left humanity's collective psyche permanently scarred We are a wounded species and this unprocessed fear passed from generation to generation is responsible for our constant expectations of apocalypse from Y2K to the famed end of the Mayan calendar in 2012 *Catastrophobia* reveals the insidious global forces that have used these collective fears to control humanity for thousands of years But we are in the midst of a tremendous shift in the Earth's 26 000 year precessional cycle and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand

**From Atlantis To The Sphinx** Colin Wilson, 2011-06-08 Inspired by the revelation that the Sphinx had been weathered by water and not by wind blown sand and was therefore thousands of years older than the oldest civilisation known to man Colin Wilson sets out to explore the remote depths of history The compelling argument of this bestselling book is that thousands of years before Ancient Egypt and Greece held sway there was a great civilisation whose ships travelled the world and who possessed some knowledge system that offered a unified view of the universe alien to modern man In this fascinating exploration of the world at a time when according to Plato the lost civilisation of Atlantis was destroyed the author makes a ground breaking attempt to understand how these long forgotten peoples thought felt and communicated on a universal plane

*Return to the Brain of Eden* Tony Wright, Graham Gynn, 2014-05-14 An exploration of our fall from the pinnacle of human evolution 200 000 years ago and how we can begin our return Explores recent neurological and psychological research on the brain and the role of plant biochemistry in human brain expansion Explains how humanity's prehistoric diet change led to a neurodegenerative condition characterized by aggression and a fearful perception of the world Outlines a strategy of raw foods tantric sexuality shamanic practices and entheogens to reverse our mental degeneration and restore our advanced abilities Over a period of a million years the human brain expanded at an increasingly rapid rate and then 200 000 years ago the expansion abruptly stopped Modern science has overlooked this in order to maintain that we are at the pinnacle of our evolution However the halt in brain expansion explains not only recently

uncovered anomalies within the human brain but also the global traditions of an earthly paradise lost and of humanity's degeneration from our original state of perpetual wonder and joy. Drawing on more than 20 years of research, authors Tony Wright and Graham Gynn explore how our modern brains are performing far below their potential and how we can unlock our higher abilities and return to the euphoria of Eden. They explain how for millions of years early forest-dwelling humans were primarily consuming the hormone-rich sex organs of plants, fruit each containing a highly complex biochemical cocktail evolved to influence DNA transcription, rapid brain development, and elevated neural and pineal gland activity. Citing recent neurological and psychological studies, the authors explain how the loss of our symbiotic fruit-based diet led to a progressive neurodegenerative condition characterized by aggressive behaviors, a fearful perception of the world, and the suppression of higher artistic, mathematical, and spiritual abilities. The authors show how many shamanic and spiritual traditions were developed to counteract our decline. They outline a strategy of raw foods, tantric sexuality, shamanic practices, and entheogen use to reverse our degeneration, restore our connection with the plant world, and regain the bliss and peace of the brain of Eden.

**Decipher** Stel Pavlou, 2010-03-11 Ancient monuments all over the world, from the Pyramids of Giza to Mexico to the ancient sites of China, are also awakening, reacting to a brewing crisis not of this earth, connecting to each other in some kind of ancient global network. A small group of scientists is assembled to attempt to unravel the mystery. What they discover will change the world. Imagine that 12,000 years ago it really did rain for 40 days and 40 nights. That storms reigned supreme. Imagine that survivors of human civilization really were forced to take to boats or hide out in caves on mountaintops. Then consider that these same myths from around the world predict this kind of devastation will occur time and again. What could cause such a catastrophe? What occurs in nature with such frightening and predictable regularity? A pulsar. But this is not just any pulsar, the ordinary type that pulses once a second, a minute, or even a week. This pulses once every 12,000 years and sends out a gravity wave of such ferocity it beggars belief. Not only that, it's closer than anybody has ever imagined. For it lives in our own backyard. It is the Sun.

Watermark Joseph Christy-Vitale, 2008-09-05 THE ECHOES OF OUR PAST Twelve thousand years ago the human race barely escaped annihilation when a piece of exploded star passed through our solar system, unleashing an apocalypse. Great fires raged, mountains rose and fell, a maelstrom of cosmic debris bombarded Earth, continents broke apart, and oceans swept across the land. Millions of people, animals, and plants perished almost overnight. Entire societies, cultures, and belief systems were lost forever. The resulting aftershock shaped humanity for thousands of years and continues to haunt us to this day. This is not fiction. This is history. THE TRUTHS OF THE PRESENT Using authoritative source material and an understanding of mankind's aptitude for the transmission of factual knowledge through myth and legend, Joseph Christy Vitale dramatically unveils a past unlike any proposed by either religion or science, viewing the global catastrophe as living history, since the traumatic effects of that terrible event affect us as a species even today. THE PATHS OF THE FUTURE Providing an insight into where our troubled view of the world originated, Watermark tells the true

story of how humanity's brush with extinction still pervades our lives and offers the first step to recovering what we lost so long ago a healthy balanced view of the world

**Lost Knowledge** Benjamin B. Olshin, 2019-02-19 *Lost Knowledge The Concept of Vanished Technologies and Other Human Histories* examines the idea of lost knowledge reaching back to a period between myth and history It investigates a peculiar idea found in a number of early texts that there were civilizations with knowledge of sophisticated technologies and that this knowledge was obscured or destroyed over time along with the civilization that had created it This book presents critical studies of a series of early Chinese South Asian and other texts that look at the idea of specific lost technologies such as mechanical flight and the transmission of images There is also an examination of why concepts of a vanished golden age were prevalent in so many cultures Offering an engaging and investigative look at the propagation of history and myth in technology and culture this book is sure to interest historians and readers from many backgrounds

We've Never Been Alone Paul Von Ward, 2011-09-01 Whether you call them gods angels ETs or aliens sufficient proof now exists that beings more advanced than humans have influenced our history Evidence suggests that these outsiders shaped our religions genes technology and cultures In fact they may have provided the impetus for modern civilization Paul Von Ward investigates why modern science and religion refuse to address the possibility that humans interact with Advanced Beings ABs He reviews sacred texts myths and legends from the Old Testament Hebrew texts and the Vedas to the Greek myths Sumerian tablets and other historical sources to make the link between religions their gods and alien intervention He shows how this history of AB intervention has been suppressed and challenges readers to reexamine the origins of notions like divine revelation to find common ground among the world's cultures and religions Previously published as *God Genes and Consciousness*

peace She explains how we are beginning a collective healing as ancient memories of prehistory awaken in our minds and release our unprocessed fear Passed from generation to generation this fear has been responsible for our constant expectations of apocalypse She shows that by remembering and moving beyond the trauma of our long lost past we bring the era of cataclysms to an end and cross the threshold into a time of extraordinary creative activity *Alien Worlds* Diana Tumminia,2007-05-17 This intriguing collection of essays presents reflections upon the birth proliferation enduring appeal and future of UFO mythology Highly respected authors and researchers representing the varied and sometimes competing perspectives of ufology and the sociology of religion provide a fascinating and instructive voyage into the exotic social worlds of UFOs abductees and contactees Reports of aliens and the changing nature of abduction experience especially in the sexual dimension are explored in relation to literature culture and ideology The influence of abduction therapy and support groups is considered as are new religious movements NRMs within the UFO community The book offers rich insights into psychology human behavior and religion melding issues of race politics and gender Finally it evaluates the existing dynamic of UFOS in the age of the Information Super Highway and ever increasing globalization *Alien Worlds* will enlighten anyone wanting to understand what and how the academic world thinks about UFOs UFO groups and UFO phenomena *Awakening in the Dream* David Wilcock,2020-06-02 New York Times bestselling author David Wilcock s latest captivating work of nonfiction exploring new hidden truths about extraterrestrials dreams sacred science channeling your Higher Self and Ascension What happens when a UFO researcher suddenly comes into telepathic contact with the very beings he has been so avidly studying after years of increasingly provocative dreams What happens when these telepathic readings begin predicting the future with astonishing precision and speaking about an incredible upcoming event in which all life in our solar system will undergo a spontaneous transfiguration David Wilcock is a master at weaving together cutting edge alternative science shocking insider information and his own personal experiences to reveal stunning truths about humanity positive and negative extraterrestrials lost civilizations and the universe we share In *Awakening in the Dream* David once again combines his extensive research the Law of One series new insider revelations and his own connection with the divine to bring humanity closer to full disclosure than ever before as well as to help us activate our full potential on the eve of Ascension A New York Times bestselling author TV personality filmmaker lecturer and consciousness expert David is the perfect person to guide us through the hidden realities of our world With its myriad information anecdotes big picture comparative analysis with over six hundred references and trustworthy messages channeled directly from the highest level angelic sources including a remarkable set of future prophecies built into the Great Pyramid itself *Awakening in the Dream* promises to be his most astounding book yet **Apokatastasis** Arjan Smit,2013-02-27 Almost 13 000 years ago the earth was struck by a sudden worldwide catastrophe Giant mammals like the mammoth became extinct Civilizations vanished leaving only a few traces The map of the world changed considerably After a final convulsion the ice age definitely came to a close The author presents a

Kershaw, 2017-09-14 The Atlantis story remains one of the most haunting and enigmatic tales from antiquity and one that still resonates very deeply with the modern imagination But where did Atlantis come from what was it like and where did it go to Atlantis was first introduced by the Greek philosopher Plato in two dialogues the Timaios and Kritias written in the fourth century BC As he philosophises about the origins of life the Universe and humanity the great thinker

puts forward a stunning description of Atlantis an island paradise with an ideal society But the Atlanteans degenerate and become imperialist aggressors they fight against antediluvian Athens which heroically repels their mighty forces before a cataclysmic natural disaster destroys the warring states His tale of a great empire that sank beneath the waves has sparked thousands of years of debate over whether Atlantis really existed But did Plato mean his tale as history or just as a parable to help illustrate his philosophy The book is broken down into two main sections plus a coda firstly the translations commentaries which will have the discussions of the specifics of the actual texts secondly a look at the reception of the myth from then to now thirdly a brief round off bringing it all together

### **End Times to 2019** David

Montaigne,2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible s seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don t let someone else tell you which parts you should focus on No this isn t what you were taught in Sunday school Religious leaders guide us between the

raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren't meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book's publication would not have been tolerated by those in power But by now it doesn't matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24-36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more
