[A Comparative Perspective of Women's Economic Empowerment](#) Meltem Yenilmez, Onur Celik,2019-05-29 The need for the creation of an enabling political legal and economic environment for women within Turkey is rising A growing concern is shown at the ethnic divisions and local discrimination against women which have spilled over into the labor market This book lends a supporting voice to the economic and social

empowerment of women globally focusing on the real causes and the unpredictable nature of the ongoing conflicts surrounding the issue. The authors bring to the forefront problems of development within various regions and the implementation of projects which address the state of women inequality and risks that are inimical to their participation in the economy. Emphasis is laid on why women should be permitted access to the many opportunities in information technology and exchange partnership growth and networking in this digital era. The oppressive policies of Turkey are scrutinized to unravel the dangers they pose to the corporate existence of women in the modern world. Furthermore, this book centers on the deliberation on regional politics and issues on gender and women's empowerment in modern Turkey whilst comparing with other countries. The work sheds light on salient issues and possible remedies within target countries and the concerted efforts made to create a reliable structure to discuss gender conflicts. Ample contributions from countries such as the US, Germany, Serbia, South Africa, and United Kingdom are pivotal to comparing and examining the main debates. Addressing several global gender-related examples as well as Turkey's national principles, this book encourages full involvement of women and girls in deciding the fate of their country. This book serves as the rallying point of an array of informative and mind-expanding works of literature in regional studies, gender studies, migration, economy, and area studies in countries like Turkey, USA, Serbia, UK, and India. Experts, students, and readers in the academic sphere may find this work educative and intellectually fulfilling.

Technology and Women's Empowerment Ewa Lechman, 2021-09-08. The near ubiquitous spread of ICT offers unprecedented opportunities for social and economic agents; reshapes social and economic structures and drives the emergence of socioeconomic networks. This book contributes to the growing body of literature and present state of knowledge, offering the reader broad evidence on how new information and communication technologies impact women's economic and social empowerment and hence have an impact on overall welfare creation. More specifically, it concentrates on demonstrating how ICT may become empowering technologies through their implementation. The book is designed to provide deep insight into the theoretical and empirical evidence on ICT as a significant driver of women's social and economic development. Special focus is given to examining the following broad topics: channels of ICT impact on women's development; the role of ICT in enhancing women's active participation in formal labor markets; examples of how ICT encourages education, skills development, institutions development, et alia, and thus contributes to women's social and economic empowerment as well as case-based evidence on ICT's role in fostering women's equality. The primary audience for the book will be scholars and academic professionals from a wide variety of disciplines but mainly those who are concerned with addressing the issues of economic development and growth, social development, the role of technology progress in the context of broadly defined socioeconomic progress. Women Leadership in Emerging Markets Shireen Chengadu, Caren Scheepers, 2017-07-06. This book focuses on the

increase in female leadership over the last fifty years and the concrete benefits and challenges this leads to in organizations. It moves beyond the typical focus on developed Western contexts and answers the call for research on how women in emerging markets rise above the proverbial glass ceiling. The authors integrate two underdeveloped topics that are highly relevant to modern business women in leadership roles and women in emerging markets. They examine how women leaders in a range of professional services including accounting, consulting, law, engineering, and medicine have managed to navigate their careers while considering the role emerging markets play in their work. Based on cutting edge research, the topics are brought to life through examples and profiles of leading women across Africa, the Middle East, and the Far East. These narratives, told in the leaders' own words, are key to understanding women's achievements and the barriers they face. Students of leadership, diversity, gender studies, and human resource management will learn much from this insightful book. **The**

Trouble with White Women Kyla Schuller, 2021-10-05. An incisive history of self-serving white feminists and the inspiring women who've continually defied them. Women including Elizabeth Cady Stanton, Margaret Sanger, and Sheryl Sandberg are commonly celebrated as leaders of feminism. Yet they have fought for the few, not the many. As award-winning scholar Kyla Schuller argues, their white feminist politics dispossessed the most marginalized to liberate themselves. In *The Trouble with White Women*, Schuller brings to life the two hundred year counter history of Black, Indigenous, Latina, poor, queer, and trans women pushing back against white feminists and uniting to dismantle systemic injustice. These feminist heroes, such as Frances Harper, Harriet Jacobs, and Pauli Murray, have created an anti-racist feminism for all. But we don't speak their names, and we don't know their legacies. Unaware of these intersectional leaders, feminists have been led down the same dead-end alleys generation after generation, often working within the structures of racism, capitalism, homophobia, and transphobia rather than against them. Building a more just feminist politics for today requires a reawakening, a return to the movement's genuine vanguards and visionaries. Their compelling stories, campaigns, and conflicts reveal the true potential of feminist liberation. *An Entropy Magazine Best Nonfiction Book of 2020-2021*. *The Trouble with White Women* gives feminists today the tools to fight for the flourishing of all. *Women, Politics, and Power* Pamela Paxton, Melanie M. Hughes, Tiffany D.

Barnes, 2020-03-17. *Women, Politics, and Power: A Global Perspective* provides a clear, detailed introduction to women's political participation and representation across a wide range of countries and regions. Through broad statistical overviews and detailed case study accounts, the authors document both historical trends and the contemporary state of women's political strength. Readers see the cultural, structural, political, and international influences on women's access to political power and the difference women make once in political office. The fourth edition includes the latest information available on women in politics around the world, including current events as they have unfolded across the globe. The newest thinking in the field is presented, including on violence against women in politics. Approach and Features: Nine thematic chapters explain women's access to office in the executive, legislative, and judicial branches and why it matters. Six chapters cover women's

political power in specific geographic regions with recent research and events The book's intersectional perspective attends to the ways gender interacts with other forms of difference both throughout the volume and in a dedicated chapter A bounty of figures maps and tables provide visual accounts of the variations in women's access to political power around the world the growth in women's political power over time and persistent obstacles to gender equality in politics *ICGR 2019 2nd International Conference on Gender Research* Prof. Paola Paoloni, Prof. Mauro Paoloni, Prof. Simona Arduini, 2019-04-11
