¹⁰ While some studies in the past suggested that children with autism spectrum disorders exhibit more positive play during playdates at home, this may be due to the fact that playdates at home are organized by the parents of the children, and thus are more self-directed and organized to provide positive play dates.

Wild Rose Louise O'Connor, 2018-09-26 During much of his brief and troubled life Victor Marion Rose was a walking anomaly The scion of a venerable Texas farming and ranching family he was widely reported to be unable to distinguish one horse from another He fought for the Confederacy and endured imprisonment at Ohio's notorious Camp Chase yet he later bitterly decried the Civil War as utter folly for the South His florid poetry often celebrated the feminine mystique and ideal as he considered it yet he was infamously unfaithful and sometimes abusive in his relationships with women He built a respected reputation as a journalist and historian and at the same time he struggled with alcoholism and bouts of deep depression Born in 1842 as the third of thirteen children of a wealthy Victoria Texas planter Victor Marion Rose served as publisher and editor of the Victoria Advocate from 1869 to 1873 before moving to Laredo reportedly due to a scandalous love affair where he edited the Laredo Times He also wrote volumes of poetry and published several histories of South Texas and the biography of Gen Ben McCulloch Rose ultimately succumbed to pneumonia in February 1893 Louise S O Connor a descendant of Victor Marion Rose has mined family records and recorded family traditions about Uncle Vic She carefully reviewed Rose's collected papers both in her personal possession and in the archives of the Briscoe Center for American History and other repositories Wild Rose provides an intimate portrait of a complicated individual who despite his frequently unsuccessful struggles with his demons nevertheless left an important mark on Texas history and letters **How Students**

The Familiar Essay, Romantic Affect and Metropolitan Culture Simon Peter Hull, 2018-06-11 Through close readings of diverse examples by Lamb De Quincey Hazlitt Irving and Poe this book argues that the familiar essay in the Romantic period embodies a quintessentially metropolitan mode of affect The generic traits of the essay astuteness of observation an ambulatory or paratactic movement of thought and an urbane tone of wry or ironic humour all predispose it to the expression of a detached non pathological state of mind This is a mind conditioned by the quickened pace assorted humanity and plenitude of spectacle which characterise urban and urbanised life In making a valuable genre based contribution to scholarship on the importance to Romantic studies of the city and metropolitan culture the traditional concept of Romantic affect is reassessed The book proposes a more complex and varied model than the simple binary one of a feeling reaction to Enlightenment reason Partly enacted within its own formal parameters and partly through its disruptive and genre transcending progeny the essayistic figure the familiar essay articulates a blithe and at times shocking and provocative discourse of an affect or a strategically and often satirical callousness Therefore the overall concept of affect in this period needs to be understood not as a unified entity opposed to Enlightenment reason but a dialogue between concurrent opposing modes played out against a dichotomized geo cultural landscape of the country and the city Essayistic un affect emerges in the end as an apolitical phenomenon a primary vehicle for the essayist's inherent scepticism sometimes enabling outright ridicule and at other times a tentative questioning or probing of both orthodox thought and emerging ideas from the rarefied liberalist sensibility of the Lake poets to the hubristic vanity of the colonial adventurer and from the allure of hedonistic Old World decadence to the proscriptive strictures of moralistic art The Handy Literature Answer Book Daniel S.

As a whole, the volume introduces readers to a number of writers such as Mirabai and Liu Rushi who are virtually invisible in Anglophone scholarship and to writers who remain little known such as Elizabeth Melville, Elizabeth Hatton, and Jane Sharpe. The volume also represents critical strategies designed to open up the emergent canon of early modern women's writing to new approaches, especially those that have consolidated the integration of literary and intellectual history with an emphasis on religion, legal issues, and questions of genre. The authors expand the methodological possibilities available to approach early modern women who wrote in a diverse number of genres, from letters to poetry, autobiography, and prose fiction. The sixteen essays are a major contribution to an area that has attracted the interest of a number of fields, including literary studies, history, cultural studies, and women's studies. [Teaching Arguments](#) Jennifer Fletcher, 2023-10-10 No matter where students live, after graduation one of the most essential tools we can teach them is how to comprehend, analyze, and respond to arguments. Students need to know how writers and speakers' choices are shaped by elements of the rhetorical situation, including audience, occasion, and purpose. In *Teaching Arguments: Rhetorical Comprehension, Critique, and Response*, Jennifer Fletcher provides teachers with engaging classroom activities, writing prompts, graphic organizers, and student samples to help students at all levels read, write, listen, speak, and think rhetorically. Fletcher believes that with appropriate scaffolding and encouragement, all students can learn a rhetorical approach to argument and gain access to rigorous academic content. *Teaching Arguments* opens the door and helps them pay closer attention to the acts of meaning around them, to notice persuasive strategies that might not be apparent at first glance. When we analyze and develop arguments, we have to consider more than just the printed words on the page. We have to evaluate multiple perspectives, the tension between belief and doubt, the interplay of reason, character, and emotion, the dynamics of occasion, audience, and purpose, and how our own identities shape what we read and write. Rhetoric teaches us how to do these things. *Teaching Arguments* will help students learn to move beyond a superficial

response to texts so they can analyze and craft sophisticated persuasive arguments a major cornerstone for being not just college and career ready but ready for the challenges of the world
