Wrong about Japan Peter Carey, 2005 Sample Text **Wrong About Japan** Peter Carey, 2006-01-03 Previous winner of two Booker Prizes Peter Carey expands his extraordinary achievement with each new novel but now gives us something entirely different When famously shy Charley Carey becomes obsessed with Japanese manga and anime Peter is not only delighted for his son but entranced himself Thus with a father sharing his twelve year old s exotic comic books begins a journey that will lead them both to Tokyo where a strange Japanese boy will become both their guide and judge The visitors quickly plunge deep into the lanes of Shitamachi into the weird stuff of modern Japan meeting manga artists and anime directors visualists who painstakingly impersonate cartoons and solitary otakus who lead a computerized existence What emerges from these encounters is a pithy far ranging study of history and culture both high and low from samurai to salaryman from kabuki theatre to the post war robot craze Peter Carey s observations are provocative even though his hosts often point out politely that he is wrong about Japan In adventures that are comic surprising and ultimately moving father and son cope with and learn from each other in a place far from home No Real Japan said Charley You ve got to promise No temples No museums What could we do We could buy cool manga There ll be no English translations I don t care I d eat raw fish excerpt from **Wrong About Japan** **Peter Carey** Mary Ellen Snodgrass, 2010-03-10 Peter Carey writer of such celebrated works as *Oscar and Lucinda* *True History of the Kelly Gang* and *His Illegal Self* is one of Australia s most critically acclaimed novelists Deeply concerned with South Pacific culture especially the lives of its most downtrodden citizens Carey uses popular art as a tool for raising the consciousness of readers This book provides an introduction to the author s life as well as a guided overview of his body of work Designed for the fan and scholar alike this text features an alphabetized fully annotated listing of major terms in the Carey canon including fictional characters motifs historical events and themes Additional features include a listing of headwords a Carey history 44 reading and writing topics and bibliographies of primary and secondary sources A comprehensive index is included **Wrong About Japan** Peter Carey, 2014-05-01 In a stunning memoir cum travelogue Peter Carey charts this journey inspired by Charley s passion for Japanese Manga and anime and explores his own resulting re evaluation of Japan Although graphically violent and disturbing the two mediums are both inherently concerned with Japan s rich history and heritage and hold a huge popular appeal that crosses the generations Led by their adolescent guide Takashi an uncanny mix of generosity and derision father and son look for the hidden puzzles and meanings searching often with comic results for a greater understanding of these art forms and for what they come to refer to as their own real Japan From Manhattan to Tokyo Commodore Perry to Godzilla kabuki theatre to the post war robot craze **Wrong about Japan** is a fascinatingly personal witty and moving exploration of two very different cultures **Fabulating Beauty** Andreas Gaile, 2005 Peter Carey is one of Australia s finest creative writers much admired by both literary critics and a worldwide reading public While academia has been quick to see his fictions as exemplars of postcolonial and postmodern

writing strategies his general readership has been captivated by his deadpan sense of humour his quirky characters the outlandish settings and the grotesqueries of his intricate plots After three decades of prolific writing and multiple award winning Carey stands out in the world of Australian letters as designated heir to Patrick White *Fabulating Beauty* pays tribute to Carey's literary achievement It brings together the voices of many of the most renowned Carey critics in twenty essays sixteen commissioned especially for this volume an interview with the author as well as the most extensive bibliography of Carey criticism to date The studies represent a wide range of current perspectives on the writer's fictions

ASIA'S MEGACITIES Andrea Pistolessi, Massimo Morello, 2014-11-17 According to many observers the 21st century will see the centre of global power shift from West to East The Asian megacities presented in this book form the heart of this new centre where economic indicators often hit double digit figures The book is not a guide to these cities It is a nonfiction journalistic account that aims to provide a very personal in the eyes of the writer and photographer outlook on this new world through its most powerful symbols It may be a useful tool for those wanting to do business start a new career or even a new life For those wanting to distance themselves from a Euro centric vision and understand how the world could be changing For better or worse Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien's original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader's willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader's acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader's immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from

Torrente, 2014-09-09 This is a story about two people but I'm the only one telling it Many authors have wrestled with the death of a father in their writing but few have grappled with the subject as fiercely or as powerfully as the brilliant Spanish writer Marcos Giralt Torrente does in *Father and Son* the mesmerizing and discomfiting memoir that won him Spain's highest literary award the Spanish National Book Award Giralt Torrente is best known for his fiction but it is in this often savage memoir that he demonstrates the full measure of his gifts In the months following his father's death from cancer Giralt Torrente could not write until he began to write about his father In many ways they were strangers to each other after his parents relationship ended when he was quite young Giralt Torrente's father remained in contact with him but held himself at a distance Silences began to linger prompted by Giralt Torrente's anger at his father's lies and absences and perpetuated by their inability to speak about the sources of the conflicts between them But despite their differences they had a strong bond and in the months leading up to his father's death from cancer they groped toward reconciliation Here the author commits to exploring it all sparing neither his father nor himself conscious of their flaws but also understanding of them Weaving together history and personal narrative Giralt Torrente crafts a startlingly honest account of a complex relationship and an indelible portrait of both father and son Beautifully translated by Natasha Wimmer the award winning translator of Roberto Bolaño and as lyrical and clear eyed on mourning as Joan Didion's *The Year of Magical Thinking* *Father and Son* is an uncommonly gripping memoir by an uncommonly talented writer [21st Century Japan](#) Trevor Harrison, 2008
