**NGOs in the Muslim World** Susumu Nejima, 2015-10-30 Muslim NGOs are continuously expanding their field of activities to various areas including education medical services environment aging societies gender issues and inter religious dialogue They are visible in an urban slum in Pakistan rural development in Indonesia and even in Fukushima in Japan to distribute hot meals among the affected people Muslim NGOs have become a global phenomenon Though there have been many studies on political Islam only a few approaches to broaden our understanding of Muslim NGOs have appeared NGOs in the Muslim World brings together contributors familiar with the local language who have each been engaged with fieldwork for many years Based on empirical anthropological and sociological studies in Japan Indonesia Pakistan Iran Turkey and Jordan they explore key issues concerning the role and work of Muslim NGOs from the inspirations Muslims take from holy texts to the religious expectations of volunteers devoting their time to charitable causes The book discusses the relationship of Muslim organizations with Islamic institutions as well as their interpretations of the contemporary issues faced by NGOs within a specifically Islamic framework As a result NGOs in the Muslim World provides fresh insight into Muslims faith based initiatives concerning contemporary issues This book will be of interest to students and scholars from diverse disciplines including anthropology sociology political science and history as well as Middle Eastern and Islamic Studies **The Truth Pill** Dinesh Singh Thakur, Prashant Reddy Thikkavarapu, 2022-10-10 Since 2004 when the fraud at Ranbaxy the largest Indian pharmaceutical company at the time first came to light the Indian pharmaceutical industry and clinical research organizations have been rocked by a series of scandals after investigations by American and European drug regulators While the West has responded to concerns about quality of Made in India medicine by blocking exports from many Indian pharmaceutical companies the Indian government responded not with regulatory reform but conspiracy theories about vested interests working against India More worryingly the Indian state has also turned a blind eye to a far more serious quality crisis in its domestic pharmaceutical market At times these quality issues manifest themselves in the deaths of Indian citizens as happened in early 2020 when 11 children died in Jammu because of adulterated cough syrup On other occasions a dodgy drug approval process has led to the Indian regulator approving sales of drugs that have never been approved by regulators in the developed markets The result is not just poor health outcomes but outsize profits for pharmaceutical companies manufacturing medicines that have never been validated through scientifically rigorous clinical trials for therapeutic evidence These twin crises in both the domestic and export markets is because India has either outdated regulations or no regulations in some areas Even the outdated regulations are enforced with kid gloves by drug inspectors and judicial magistrates who are ready to forgive even those whose drugs are found to contain barely any active ingredient or dangerously high levels of bacterial endotoxins In a race for growth of the pharmaceutical industry the Indian state has sacrificed scientific rigour and ignored the basic principles of public health Given India's position as the pharmacy of the

developing world the failure of the Indian state is a problem for not just India but most of the developing world This timely important and compelling book based on deep research questions and analyzes the actions of the institutions that are responsible for the safety and efficacy of the Indian drug supply in the context of the historical evolution of the Drugs Act 1940 from pre Independence India to the present day The future of Indian public health lies in responding to the issues raised in this book

**Hospitals in Iran and India, 1500-1950s** Fabrizio Speziale, 2012-04-19 This volume looks at hospitals in the post medieval Indo Iranian world from various perspectives During the Safavid Mughal periods hospitals were still tied to Avicennian medicine However in Qajar Iran and British India hospitals became important instruments for the spread of modern Western medicine The papers in this volume present a significant panorama on the history of medicine and medical institutions in Iran and India during the early modern and the modern periods The portrait that emerges is not homogeneous but instead shows ambivalent and contrasting images Hospitals can be seen as powerful symbols of the Muslim scientific civilization and then of modern medicine nevertheless they remained institutions relegated to the fringes of society regarded with suspicion and usually reserved for the poor Contributors include Cristiana Bastos Willem Floor Claudia Preckel Omid Rezai Fabrizio Speziale Hasan Tadjbakhsh Anna Vanzan This book is copublished with the Institut Fran ais de Recherche en Iran IFRI as no 74 in the Biblioth que Iranienne series Le pr sent ouvrage propose un panorama significatif d tudes portant sur l histoire et le r le des h pitaux dans le monde irano indien au cours de la premi re modernit et de l poque moderne Les contributions rassembl es dans ce volume tudient l h pital depuis plusieurs perspectives examinant cet tablissement tant t comme une institution scientifique tant t en fonction de son utilit sociale Ce qui merge de ces travaux ne constitue pas un portrait homog ne mais plut t une image ambivalente et contrast e de ces tablissements Les h pitaux peuvent tre vus comme des symboles puissants de la pi t des souverains musulmans ou de la civilisation scientifique musulmane puis du triomphe de la science occidentale moderne Cependant pour une tr s longue p riode l h pital demeure une institution rel gu e la marge de la soci t regard e avec suspicion et en particulier r serv e aux indigents Ce livre est une co dition avec l Institut Fran ais de Recherche en Iran IFRI comme n 74 dans la s rie Biblioth que Iranienne

**Love Is the Ultimate Winner** Romesh Chopra, 2013-05-24 It is the saga of riots that had spread much before the partition of India There were murders rapes abductions looting and arson and the government machinery miserably failed to control it The law and order had gone haywire The novel is mainly the story of three young boys who had lost their entire family during the riots One of them though academically brilliant and career wise reached a coveted position but could not adjust with the unfamiliar ambiance and was a social misfit and a failure in life The other two through their sheer grit made a mark in their life and bravely faced all the odds and obstacles in an alien milieu The novel is full of pathos events drama romance and typical Punjabi sense of humor The book advocates against religious bigotry without being didactic because of which mankind is suffering till date It is a great subject for a movie

The Age of Responsibility Wayne Visser, 2011-03-21 The new

generation of CSR In this landmark book Wayne Visser shows how the old model of Corporate Sustainability Responsibility CSR is being replaced by a 2nd generation movement This generation goes beyond the outmoded approach of CSR as philanthropy or public relations widely criticised as greenwash to a more interactive stakeholder driven model Provides a second generation approach to CSR that will breathe new life into the movement Can increase the effectiveness of CSR as a strategy to create positive change in society through business Acknowledges the challenges faced by conventional businesses and provides the measures needed to face these

**India Who's who** ,1987      **Pakistan Our Difficult Neighbour and India's Islamic Dimensions** Brig(Retd) Darshan Khullar,2014-09-01 In this remarkably candid book the author has taken a hard look at Pakistan in his words our difficult neighbour and analysed the reasons as to why the two countries have never been friends and probably will not be in the future at least not in the immediate one The author attributes India s failure to neutralise Pakistan to its kind of near constant Gandhian passive approach to India s security interests The author believes that the future of Muslims in India is bright and that it would be quite a lusterless country without them It is a matter of time before India has its first Muslim Prime Minister but this will happen when the latter represents interests of all Indians and not merely those of the Muslims His study of Muslims is spread of a wide range of inter related perspectives What has been written comes through the author s personal knowledge not through any ideological prism and also secondary observations of other people and least of all through rose tinted glasses He has spared no one who he believes is guilty of committing crimes against the Nation It is a passionate book that ends on an optimistic note
