Thinking and Learning through Children's Literature Miriam G. Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author s intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author s message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children s books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children s literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books

Opting In Amy Richards, 2008-04-29 For contemporary women motherhood has become as polarizing a proposition as it is a powerful calling For some women this

tension is manifest in a debate over whether or not to have children For others it concerns whether to stay at home with their children or stay in the workforce Still others feel abandoned altogether by the supposedly pro family and pro mother social justice movement that is feminism and are at a loss when it comes to reconciling their maternal instincts with their political beliefs With *Opting In* Amy Richards addresses the anxiety over parenting that women face today in a book that mixes memoir interviews historical analysis and feminist insight In her refreshingly direct and thoughtful approach Richards covers everything from the truth about our biological clocks and the trends toward extending fertility to parenting with nature and nurturing in mind to our relationship with our own mothers to what feminism's relationship to motherhood is and always has been Speaking from the vantage point of someone who is both a parent and one of our leading feminist activists Richards cuts through the cacophony of voices intent on telling women the appropriate way to be a mother and reveals instead how to confidently forge your own path while staying true to yourself and your ideals *From the Classroom to the Corner* Cynthia Cole Robinson, 2007 *From the Classroom to the Corner* explores the in school and out of school experiences of three young women who dropped out of school as adolescents and turned to prostitution This fascinating book presents them as case studies in the context of dropping out in school and non school curriculum adolescent prostitution feminist theory and race class and gender Most prostitutes state that they are on the streets because they lack the educational credentials and job training required for gainful employment therefore the educational experiences of these young women are tantamount to any attempt to retain girls on the fringes This book gives insight into how the educational system and classroom experience fail to meet the needs of these marginalized young women and offers curricular designs to address the educational needs of dropouts and potential dropouts The effects of the non school curriculum on these girls academic experience are also explored *Shadows of Time* Don Goodman, 2005-02-07 When they meet at a summer camp two ten year old boys from opposite worlds become friends and begin an exciting series of exploits that will test their mettle and friendship Court ordered forced busing for the sole purpose of integrating the school system leads to tumultuous chaotic times in a city suddenly torn apart by fear and prejudice The two boys learn the meaning of courage when each must face the shadows of time that follow them from ghetto streets riddled with crime and hostility to unexpected dangers in the local mountains When confronted with their most jeopardous adventure DC and Henry meet their destiny The time is the late 70 s The lives of our two young heroes become forever intertwined through circumstances no one could predict Bravery is part of life whether in the forests of Kentucky or in the jungles of Los Angeles Step into this fascinating stirring epic of two boys swept up by turbulence and chaos This is their story in the *Shadows of Time* *Littell's Living Age* Eliakim Littell, Robert S. Littell, 1868

Man of the People T. Spencer Adams,2008-02 *Man of the People* is an incredible novel by first time author T Spencer Adams It is great reading and could be the text book for Political Science 101 After carefully developing the title character Adams provides a simple insight into what has gone wrong with the U S political system and what it will take to fix it Adams weaves the lesson into a fascinating story about a retired everyman J T Spencer who is suddenly thrust into the national limelight of presidential politics As the story unfolds you find your self worrying not only about our hero but the fate of our country as well J T Spencer s presidential campaign was more than a political phenomenon It was a clear indication of the level of social unrest that existed through out the entire country But three truly unique circumstances had to come together at the same time to create the perfect political storm of social rebellion The first was the public s pervasive lack of trust in the entire political system a distrust that had been building since Watergate and had reached critical mass

during the last two administrations The second factor was one of simple technology The spread of personal computers and the ever increasing number of people whose primary source of information was the internet made possible a new type of grass roots campaign The third and final factor was the intense media scrutiny focused on presidential candidates Every aspect of the lives of public figures especially those who would aspire to public office and political leadership was fair game for the evening news
