Freedom Embraced Bernadette Chua, 2023-01-15 As professionals, the workplace is where we spend most of our waking moments. It is where we can actualise our potential, flourish and be happy. Yet it is also where we are bombarded by stressors such as unrealistic deadlines, office politics, disengagement, ineffective managers and toxic culture. These leave us feeling helpless and trapped with a sense of freedom lost. In *Freedom Embraced*, author Bernadette Chua has written a book specially for the busy professional in mind. It is filled with actionable strategies and mindset shifts to navigate through the various mental, emotional and physical landscapes we encounter in the course of work. Chapters include: Enjoying Work, Nourishing Ourselves, Thinking, Overthinking, Influencing Others, Strengths Builder at Work.

The Icarus Deception Seth Godin, 2012-12-31 In Seth Godin's most inspiring book, he challenges readers to find the courage to treat their work as a form of art. Everyone knows that Icarus's father made him wings and told him not to fly too close to the sun; he ignored the warning and plunged to his doom. The lesson: Play it safe. Listen to the experts. It was the perfect propaganda for the industrial economy. What boss wouldn't want employees to believe that obedience and conformity are the keys to success? But we tend to forget that Icarus was also warned not to fly too low because seawater would ruin the lift in his wings. Flying too low is even more dangerous than flying too high because it feels deceptively safe. The safety zone has moved. Conformity

no longer leads to comfort But the good news is that creativity is scarce and more valuable than ever So is choosing to do something unpredictable and brave Make art Being an artist isn't a genetic disposition or a specific talent It's an attitude we can all adopt It's a hunger to seize new ground make connections and work without a map If you do those things you're an artist no matter what it says on your business card Godin shows us how it's possible and convinces us why it's essential **V is for Vulnerable** Seth Godin, 2012-12-27 **V is for Vulnerable** by Seth Godin is a full color ABC book for grown ups with a powerful message about doing great work **V is for Vulnerable** looks and feels like a classic picture book But it's not for kids it's for hardworking adults It highlights twenty six of Seth Godin's principles about treating your work as a form of art with illustrations by acclaimed cartoonist Hugh MacLeod **A sample A is for Anxiety** which is experiencing failure in advance Tell yourself enough vivid stories about the worst possible outcome and you'll soon come to believe them Worry is not preparation and anxiety doesn't make you better **F is for Feedback** which can be either a crutch or a weapon Use it to make your work smaller safer and more likely to please everyone and fail in the long run Or use it as a lever to further push you to embrace what you fear and what you're capable of This is unlike any previous Godin book and makes a great gift both for loyal fans and those who've never read him before Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing the ways ideas spread leadership and change including *Permission Marketing* *Purple Cow* *All Marketers are Liars* *The Dip* and *Tribes* He is the CEO of Squidoo.com and a very popular lecturer His blog www.sethgodin.typepad.com is the most influential business blog in the world and consistently one of the 100 most popular blogs on any subject *The Writers Directory*, 2013 **Long Story Short** Marianne Gingher, 2009 *Long Story Short* Flash Fiction by Sixty five of North Carolina's Finest Writers **Catalog of Copyright Entries** Library of Congress.
