Nonoa, 2018-12-21 Postdramatisches Theater verschiebt den Fokus des Theaters von der Representation hin zur Präsenz Dadurch geraten Aufführungen unterschiedlicher Kulturen in den Blick ohne einem Text und damit einem Theater der nationalen Sprachen zu großes Gewicht zu verleihen Die Beiträge des Bandes entwickeln ausgehend von der Engführung von Postdramatischem und Transkulturellem innovative Methoden und Analyseverfahren gegenwärtiger Theaterformen Theatertexte und Inszenierungen Sie plädieren für einen analytischen Zugang zu Theater der bewusst nationale kulturelle sowie fachliche Grenzen überschreitet Postdramatic theatre shifts the focus of the theater from representation to presence In so doing performances of different cultural spaces come into view without overemphasizing a given text and thus a national theatre based on language Based on the interconnection of the postdramatic and the transcultural the contributions of this volume develop innovative theoretical frames methods and approaches to contemporary theatrical forms theatrical texts and stagings They argue for an analytical approach to theatre that deliberately crosses national cultural and professional boundaries *The Oxford Handbook of Shakespeare and Embodiment* Valerie Traub, 2016-09-08 The Oxford Handbook of Shakespeare and Embodiment brings together 40 of the

*The Misdirection of Education Policy* Nancy DaFoe, 2016-06-20 The Misdirection of Education Policy Raising Questions about School Reform proposes critically important questions about the wisdom of American public education policy and reform initiatives Laying out the particulars of three policy strands creation of STEM curricula schools expansion of charter schools privatizing and teacher accountability testing tied to job security The Misdirection of Education Policy exposes complications contradictions and deliberate deceptions in these supposed solutions to very real issues in education Dafoe theorizes that obstacles facing American education are far more complicated than policy makers suggest or consider The Misdirection of Education Policy poses the question of whether it is practical to offer an education that is not merely practical in its ends opening doors far beyond career readiness and filling employers job slots The approach suggested here is designed to offer an arterial that allows students and teachers to do more than simply prepare for STEM careers it advocates for an education that helps people navigate life by becoming explorers who remain curious and analytical about their world

*Shakespeare's Medieval Craft* Kurt A. Schreyer, 2014-07-30 In Shakespeare's Medieval Craft Kurt A Schreyer explores the relationship between Shakespeare's plays and a tradition of late medieval English biblical drama known as mystery plays Scholars of English theater have long debated Shakespeare's connection to the mystery play tradition but Schreyer provides new perspective on the subject by focusing on the Chester Banns a sixteenth century proclamation announcing the annual performance of that city's cycle of mystery plays Through close study of the Banns Schreyer demonstrates the central importance of medieval stage objects as vital and direct agents and not merely as precursors to the Shakespearean stage As Schreyer shows the Chester Banns serve as a paradigm for how Shakespeare's theater might have reflected on and incorporated the mystery play tradition yet distinguished itself from it For instance he demonstrates that certain material features of Shakespeare's stage including the ass's head of A Midsummer Night's Dream the theatrical space of Purgatory in Hamlet and the knocking at the gate in the Porter scene of Macbeth were in fact remnants of the earlier mysteries transformed to meet the exigencies of the commercial London playhouses Schreyer argues that the ongoing agency of supposedly superseded theatrical objects and practices reveal how the mystery plays shaped dramatic production

long after their demise At the same time these medieval traditions help to reposition Shakespeare as more than a writer of plays he was a play wright a dramatic artisan who forged new theatrical works by fitting poetry to the material remnants of an older dramatic tradition     The Cambridge Companion to Shakespeare's Poetry Patrick Cheney,2007-01-04 This Companion provides a full introduction to the poetry of William Shakespeare through discussion of his freestanding narrative poems the Sonnets and his plays Fourteen leading international scholars provide accessible and authoritative chapters on all relevant topics from Shakespeare s seminal role in the development of English poetry the wide ranging practice of his poetic form and his enigmatic place in print and manuscript culture to his immersion in English Renaissance politics religion classicism and gender dynamics With individual chapters on Venus and Adonis The Rape of Lucrece The Passionate Pilgrim The Phoenix and the Turtle the Sonnets and A Lover s Complaint the Companion also includes chapters on the presence of poetry in the dramatic works on the relation between poetry and performance and on the reception and influence of the poems The volume includes a chronology of Shakespeare s life a note on reference works and a reading list for each chapter
