The Long Win - 1st edition Cath Bishop,2020-10-13 Powerful and profound Matthew Syed Anyone interested in motivation should read this book and think deeply Margaret Heffernan Selected as one of the Financial Times s Best Business Books of 2020 THE PEOPLE BOOK PRIZE 2022 23 SHORTLISTED TITLE In this fascinating examination of our widespread obsession with winning Cath Bishop draws on her personal experience of high performance environments to trace the idea of winning through history language and thought to explore how it has come to be a defining concept in fields from sport to business from politics to education Faced with the challenges and opportunities of the 21st century Cath offers a new broader approach The Long Win Cath competed as a rower at three Olympic Games becoming the first British woman to win the World Championships and an Olympic medal in the coxless pairs event As a senior diplomat Cath worked on policy and negotiations specializing in stabilization policy for conflict affected parts of the world In business Cath has acted as a coach and consultant advising on team and leadership development and organizational culture and teaches on the Executive Education Faculty at the Judge Business School Cambridge University In this book she brings that extraordinary mix of experience to examine what winning has come to mean to society and to us as individuals and offers a fresh perspective on how we might redefine success personal and professional for the longer term Looking at life from a different point of view is a rare skill Built on in depth research and broad experience as well as original thought this book will change your outlook on everything Clare Balding OBE This book is so relevant timely and exciting for any person or organization wanting to investigate what success means to them It couldn t be a more relevant book right now and Cath s exceptional ability in so many areas of life make it a gripping read with a lot of key takeaways whatever your area of interest I wish every leader could immediately read this book as the world would be a better place if they did Goldie Sayers Olympic Medallist in the Javelin Coach I love this book It is a must read for educators business executives policy makers politicians and indeed anyone who wants to understand why we need a new narrative around winning and success We need a lot more Long Win Thinking in our homes businesses and institutions and Cath s book is the place to go to find out why and how we get there Dame Helena Morrissey *The Second-Best Business Book Ever Written* Tom Marks,2024-07-16 Honesty in thought leadership matters And so does seeing the light Honesty in its purest form is a key characteristic of all thought leaders so I m going to hit you with the truth Many business books today are written for the purpose of winning more business for an author or

acquiring new speaking gigs and anyone who fits into that camp is A OK with me It s a smart move But after more than four decades in sales and marketing I m beyond those goals Frankly it feels great that I m not anchored to those intentions anymore I have only one intent in The Second Best Business Book Ever Written and that s to teach the ins and outs of thought leadership to as many people as possible because that s how corporations and the individuals who run them succeed There s a process to becoming a thought leader it s methodical detailed and rewarding After all where s the amusement in being a price chopper Or even a technology leader where the tenure is as short as my nephew s attention span The greatest thought leaders started sharing their thinking 2 500 years ago through the teachings of my four favorites Socrates Plato Aristotle and Aspasia I m going to travel with you down the thought leadership road known as the Via Egnatia from the foothills that rise above Athens to the skyscrapers that tower above Madison Avenue And along the way I m going to show you how I did it for Fortune 500 companies and for small and midsize businesses with a few wild detours along the way By all accounts the Green Bay Packers future Hall of Fame quarterback Aaron Rodgers was born with a rock solid throwing arm and an annoying chip on his shoulder I m no Rodgers fan after all I was born and raised in inner city Chicago and have been a Bears fan since birth but I recognize greatness and Aaron Rodgers is a great football player Some of his other qualities Not so much But these aren t lessons about tackle football They re insights about leadership about what happens off the football field and on a more important playing field about greatness in sales marketing and business and about thought leadership the single most important differentiator in the business playbook Or as Plato not so recently said obviously unaware of Aaron Rodgers s famous retreat into darkness We can easily forgive a child who is afraid of the dark the real tragedy of life is when men are afraid of the light I d like to shed some light on what s required in business but frequently misunderstood What every salesperson needs to know but doesn t always know how to achieve it And what every marketing expert wishes they had in their bag of tricks To simply say that thought leadership is an essential part of the disciplines of market leaders is like saying a stick is an essential part of a Popsicle Well it is assuming you re not interested in taste color packaging name price quality and the beat goes on Tom Marks survived forty seven years in the advertising business and has lived to write about it He s the founder of TMA Peritus one of the leading marketing thought leadership and corporate ethics firms in North America and has won more than sixty five American Advertising Awards for his writing He spent many years on the professional speakers circuit and survived that too His thought leadership workshops for Fortune 500 companies have brought him national acclaim and has made him a favorite among the nation s CEOs
