Wolf Whistle Lewis Nordan:

Wolf Whistle Lewis Nordan, 2003-10-05 ALA Notable Book 1994 Mississippi Writers Award for Fiction 1994 Southern Book Critics Circle Award for Fiction In **WOLF WHISTLE** Lewis Nordan unleashes the hellhounds of his prodigious imagination on one of the most notorious racial killings of the century the Emmett Till murder Soon we re on a magical mystery tour of the Southern psyche of the mid 1950s and the dawning of guilt and recognition in a whole generation of white Southerners An immense and wall shattering display of talent **WOLF WHISTLE** will help usher Lewis Nordan into the Hall of Fame of American Letters Randall Kenan *The Nation* *The Spaces of Violence* James Giles, 2006-04-09 Probes the interrelationship of violence and space in 10 contemporary American novels James R Giles examines 10 novels for the unique ways they explore violence and space as interrelated phenomena These texts are Russell Banks s *Affliction* Cormac McCarthy s *Outer Dark* and *Child of God* Lewis Nordan s *Wolf Whistle* Dorothy Allison s *Bastard Out of Carolina* Don DeLillo s *End Zone* Denis Johnson s *Angels* Sherman Alexie s *Indian Killer* Robert Stone s *Dog Soldiers* and Bret Easton Ellis s *American Psycho* These stories take place in settings as diverse as small towns college campuses suburbs the brokerage houses and luxury apartments of Wall Street football stadiums Appalachian hills and America s no man s land of Greyhound bus stations and highways Violence Giles finds is mythological and ritual in many of these novels whereas it is treated as systemic and naturalistic in others Giles locates each of the novels he studies on a continuum from the mythological to the naturalistic and argues that they represent a fourthspace at the margins of physical social and psychological space a territory at the cultural borders of the mainstream These textual spaces are so saturated with violence that they suggest little or no potential for change and affirmation and are as degraded as the physical social and mental spaces out of which they emerge A concluding chapter extends the focus of *The Spaces of Violence* to texts by Jane Smiley Toni Morrison Edwidge Danticat and Chuck Palahniuk who treat the destructive effects of violence on family structures **Where Is History Today?** Laura Mulvey, Frank Ankersmit, Daniel Pick, Tomáš Jirsa, Martin Elbel, Jiří Lach, 2015-02-05 History no longer belongs only to historians but is woven into the fabric and discourse of daily life This fresh and wide ranging survey explores how new media and new historiographic approaches are dramatically expanding what we understand by history today Controversy about the aims and limits of historical analysis has raged ever since the rise of postmodern history in the 1970s But these debates have rarely affected the understanding of history in Central and Eastern Europe The volume confirms the crucial importance of audiovisual and mass media from film to television and radio to comics but does not exclude literary scholars and art historians who are also rethinking their methods taking note of their new consumers If history formerly appeared to be a one way transmission of expertise it is increasingly a dynamic engagement between researchers and audiences [Gather at the River](#) Hal Crowther, 2005-09-01 To read Hal Crowther is to find yourself agreeing with views on topics you never knew you cared so much about In *Gather at the River* Crowther extends the wide angle vision of Southern life presented in his highly

acclaimed collection *Cathedrals of Kudzu* He cuts to the heart of recent political religious and cultural issues but pauses to appreciate the sweet things that the South has to offer like music baseball great writers and strong women Some of these essays invite debate Crowther gives a balanced perspective on the tragedy of the Branch Davidians at Waco shedding light on a different world of religiosity and revealing urban media prejudices for what they are He describes the unique heroism of a fallen Marine in the Iraq war a war fought by one class and promoted by another And his solution to racial conflict interracial procreation will jump start readers sensibilities In other chapters Crowther discusses the grim portrayal of the South in early film and the triumphs of Southern music His literary essays include appreciations of William Faulkner Thomas Wolfe Elizabeth Spencer and Wendell Berry and a biting lampoon of exhibitionist memoirs Among the Southerners Crowther profiles with pride are the art historian and Museum of Modern Art curator Kirk Varnedoe the great cursed baseball player Shoeless Joe Jackson the curmudgeonly realist H L Mencken and the singer Dolly Parton whose candid artifice inspires the author's litmus test for Southern authenticity

A Country of Strangers David K. Shipler, 2016-04-20 *A Country of Strangers* is a magnificent exploration of the psychological landscape where blacks and whites meet To tell the story in human rather than abstract terms the Pulitzer Prize winning writer David K Shipler bypasses both extremists and celebrities and takes us among ordinary Americans as they encounter one another across racial lines We learn how blacks and whites see each other how they interpret each other's behavior and how certain damaging images and assumptions seep into the actions of even the most unbiased We penetrate into dimensions of stereotyping and discrimination that are usually invisible and discover the unseen prejudices and privileges of white Americans and what black Americans make of them We explore the competing impulses of integration and separation the reference points by which the races navigate as they venture out and then withdraw the biculturalism that many blacks perfect as they move back and forth between the white and black worlds and the homesickness some blacks feel for the comfort of all black separateness There are portrayals of interracial families and their multiracial children expert guides through the clashes created by racial blending in America We see how whites and blacks each carry the burden of our history Black white stereotypes are dissected the physical bodies that we see the mental qualities we imagine the moral character we attribute to others and to ourselves the violence we fear the power we seek or are loath to relinquish The book makes clear that we have the ability to shape our racial landscape to reconstruct even if not perfectly the texture of our relationships There is an assessment of the complexity confronting blacks and whites alike as they struggle to recognize and define the racial motivations that may or may not be present in a thought a word a deed The book does not prescribe but it documents the silences that prevail the listening that doesn't happen the conversations that don't take place It looks at relations between minorities including blacks and Jews and blacks and Koreans It explores the human dimensions of affirmative action the intricate contacts and misunderstandings across racial lines among coworkers and neighbors It is unstinting in its criticism of our society's failure to come to grips with bigotry but it is

also happily crowded with black people and white people who struggle in their daily lives to do just that A remarkable book that will stimulate each of us to reexamine and better understand our own deepest attitudes in regard to race in America
