Fletcher's Global History of Architecture is the acknowledged classic reference work for architectural history. It has been essential reading for generations of architects and students since the first edition was published in 1896 and this tradition continues today as the new 21st edition provides the most up to date authoritative and detailed account of the global history of architecture available in any form. Thousands of major buildings from around the world are described and explained accompanied by over 2 200 photographs, plans and drawings. Architectural styles and traditions are placed within a clear framework and the chronological and geographical arrangement of the work's 102 chapters allows for easy comparative analysis of cultural contexts, resources and technologies.
