

## PCI Vendor and Device Lists

This page is primarily intended as an [engineering resource](#)\* for people who need to deal with computers built around the PCI bus. It's reason for being is that there is no other centralized database of PCI device IDs. This database is entirely user-supported; all the data has been, and continues to be, furnished by those working in the PCI market. Feel free to add info for the use of others!

### What's available here:

**PCI Vendor List [by Name](#) or [by Vendor ID](#):** from these lists, you can select a vendor, and get more information about either the vendor itself or the devices they manufacture. (These lists are long, and may take a little while to load). There are links available to add information to the database as well.

**[PCI C Sample Code](#):** contains sample C code that can be used to access the various tables in the `pcihdr.h` file below
