Common Sense David Johnson,2023-04-25 Would our country s Founders choose to live here Wouldn t they be outraged by what is happening 31 trillion of national debt will tax future generations without their representation An army of 87 000 IRS bureaucrats will harass our people A surge of illegal immigrants passing through undefended borders will burden our society without its assent Wouldn t our Founders be shocked by our lack of common sense Men can give birth Defunding police will reduce crime Men can marry men and women marry women The Founders declared their independence from Great Britain They reasoned why should a small island rule over a vast continent Today we

must declare our independence from the Left Why should a small group of leftist elitists rule over a vast number of conservative Christians This book pulls together all the outrages the Left has committed against us twenty seven grievances in all the same number as in the original Declaration of Independence For each grievance the book provides three easy to grasp points explains the violation of common sense and Biblical truth and reveals the consequences to our country and the organizations you can join to fight back Consider an army that is facing encirclement and annihilation Would they go about their daily routines digging latrines and cleaning their boots and just hope the enemy goes away Well that army is us Should we go about our daily routines and just hope the totalitarian Left goes away No It is time to wake up It is time to unite and fight back peacefully and lawfully Time is short so join the fight *Money 101* Christopher D.
