Richard Rodriguez Aria Memoir Of A Bilingual Childhood

John Bartlett, Geoffrey O'Brien

Richard Rodriguez Aria Memoir Of A Bilingual Childhood:

Aria Richard Rodriguez, 1980 Crossing Cultures Judith Oster, 2003 In this important new study Judith Oster looks at the literature of Chinese Americans and Jewish Americans in relation to each other Examining what is most at issue for both groups as they live between two cultures languages and environments Oster focuses on the struggles of protagonists to form identities that are necessarily bicultural and always in process Recognizing what poststructuralism has demonstrated regarding the instability of the subject and the impossibility of a unitary identity Oster contends that the writers of these works are attempting to shore up the fragments to construct through their texts some sort of wholeness and to answer at least partially the questions Who am I and Where do I belong Book Jacket **Language Narratives and Shifting**

Multilingual Pedagogies Belinda Mendelowitz, Ana Ferreira, Kerry Dixon, 2022-12-15 Winner of the UKLA Academic Book Award 2024 This book challenges monoglossic ideologies traditional language pedagogies and dominant forms of knowledge construction by foregrounding multilingual and multicultural students language narratives repertoires and identities The research is based on a sixteen year longitudinal study of a sociolinguistics course at an English language university and the language narratives produced by the first year education students The study was borne out of a need to create a critically inclusive course that would engage a cohort of students from socially and linguistically diverse backgrounds in contemporary South Africa Drawing on data from over 5 000 students who have journeyed through this course this book shows how a narrative heteroglossic pedagogy harnesses students multilingual strengths A close analysis reveals complex identity work by students located in the Global South The authors argue that decolonising language education is about reconceptualising language reconfiguring what knowledges are valued in the classroom and reshaping pedagogy **CliffsNotes SAT BTPS**
