state run and business firms China's development experience offers a valuable case study that can provide readers deeper insights into this comparatively young discipline and into China. Though the discipline of systems engineering and its application to hardware engineering systems are well established, social systems engineering is an emerging discipline still being explored. This book may be the first English language publication on this promising subject. *OECD Science, Technology and Industry Outlook 2010* OECD, 2010-12-14. The OECD Science Technology and Industry Outlook 2010 reviews key trends in science technology and innovation in OECD countries and a number of major emerging economies including Brazil, China, India, Russia, and South Africa.

SUMMARY - The Leader Who Had No Title: A Modern Fable On Real Success In Business And In Life By Robin Sharma. Shortcut Edition, 2021-06-04. Our summary is short, simple, and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will discover the Leader Without Title (LWT) philosophy, which reveals the best in every human being. You will also learn how to unleash your leadership potential and use it at work; how the Leader without a title method allows you to take advantage of difficult moments; what are the best practices to implement on a daily basis to achieve success in your professional and personal life; how the LWT philosophy helps you improve your relationships and become a role model for those around you. For the past 15 years, Robin Sharma has been providing advice to large groups such as Microsoft, Nike, or IBM, and to organizations such as the Red Cross. During his conferences and seminars, the author never stops insisting on the notion of leadership. For example, a company that allows the leadership of each of its employees to express itself is in the best position to face the challenges of the 21st century and to conquer new territories. In *Le Leader sans titre*, Robin Sharma forms the ambition to make his philosophy accessible to a large number of readers. To do so, he exposes his method using narration and fictional characters.
