Tratado de derecho penal constitucional aplicado Cornejo Aguiar, Jose, José Sebastián Cornejo Aguiar, Jorge Isaac Torres Manrique, 2023-12-01. La metodología que utilizan los autores es diversa en la medida en que al tiempo que asumen que el Derecho Penal y Procesal Penal son dos ámbitos normativos correlativos en la teoría y en la práctica hasta el punto que en determinados medios universitarios se explican en perfecta conjunción le suman la vertiente constitucionalista a la que tan sensible es tanto el Derecho Penal como el Procesal Penal. A partir del uso de la anterior metodología los autores introducen al lector en materias determinadas con la finalidad pretendida de acotarlas exhaustivamente de conformidad con el fin perseguido y que no es otro que el mostrarlas al lector a través de la sistemática de un Tratado. De ahí que se encuentre plenamente justificado tras la metodología adoptada que los autores nos introduzcan en temas de muy diversa orientación y proyección jurídico penal procesal penal constitucional en los que el lector podrá encontrar ayuda para resolver dudas técnicas y cuestiones que la práctica de la actividad profesional le plantee a modo de vademecum para consulta inmediata de nociones o informaciones fundamentales. No cabe duda por tanto que obras como la que ahora ofertan para su lectura los colegas Torres Manrique y Cornejo Aguiar pueden ser de extrema utilidad porque incitan a la reflexión crítica y como no a la discusión y a la confrontación dialéctica. Pero en cualquier caso la inestimable aportación del Tratado que ahora tiene el lector entre sus manos quizás estriben en que no deje indiferente a nadie acerca del tratamiento metodológico de los temas que los coautores realizan de cada uno de ellos.

Prof. Dr. Dr. Dr. h. c. mult. Antonio María Lorca Navarrete. España. Resulta complejo en nuestros días encontrarse con una obra tan ambiciosa como la que el lector tiene en sus manos y que responde a la voluntad científica de los profesores Dr. Jorge Isaac Torres Manrique y Mg. José Sebastián Cornejo Aguiar. Sin ninguna duda afrontar un trabajo de la complejidad de un Tratado que abarque los fundamentos constitucionales y los principios y problemas penales en Estados sociales y democráticos de Derecho si bien se haga de forma más local exige una dedicación y un esfuerzo especialmente loable en tiempos de recortes en la voluntad científica a nivel más si se trata de incluir esencialmente referencias peruanas y ecuatorianas pero también generales y de Derecho comparado. Esta obra escrita y profusamente desarrollada por Cornejo Aguiar y Torres Manrique se ocupa del Derecho penal Constitucional es decir del marco constitucional que afecta a los contenidos del Derecho penal y de la misma forma afronta el Derecho penal que se encuentra fundamentado en la Constitución o sea los límites y finalidades que determinan la acción de castigo penal dispuesta por el Estado en el ámbito constitucional. El Tratado presenta una perspectiva exhaustiva en no mero y precisa en tratamiento sobre muchos de las complicaciones fundamentales en la coyuntura jurídico social contemporánea.

enfrentando toda la problemática de forma puntual pero también sistemática y honesta Auguro al lector un excelente acercamiento al nebuloso y complejo planteamiento penal constitucional y a los autores un gran éxito en su difusión Prof Dr Dr h c mult Miguel Ángel Némez Paz España Constituye para mí motivo de especial satisfacción prologar este Tratado de Derecho Penal Constitucional de los profesores José Sebastián Cornejo Aguiar y Jorge Isaac Torres Manrique una amplísima obra que compendia sobre los sistemas penales de Ecuador y Perú que pone de manifiesto la íntima conexión entre el Derecho constitucional y el Derecho penal pues las constituciones consagran los valores fundamentales que los textos punitivos deben tutelar contienen directrices de política criminal fijan la finalidad de la pena asientan los principios básicos del Derecho penal y limitan el ius puniendi Obviamente la brevedad de un prólogo imposibilita el análisis exhaustivo de la obra pero sí te invito querido lector que tienes este libro en tus manos a iniciar su interesante lectura en la que podrás comprobar las constantes relaciones entre el Derecho penal y el constitucional Prof Dr Dr h c Miguel Ángel Souto España

Towards the True Law Felipe de Jes s Fierro Al v d rez, 2013-07 Does the Law exist and if so what is it Can we know it This book tries to answer these questions by approaching as a whole the problem of Law its justification and demonstration Because when facing multiple legal theories many of which are contradictory we have to ask ourselves what the true Law is if it exists indeed its origin meaning and perspective We are in pursuit of something more the Law and its truth This fundamental question must be scientifically solved and in such an in depth approach that only philosophy traditionally understood as knowledge by its first and principle causes obtained under the natural light of reason can give us the answer the current thesis takes up the problem of knowledge and its theories of being and truth to later contrast them with various juridical currents Two different paths processes and objects to reach the same conclusion the result wasn t easy but we believe we contributed with a juridical theory with seven rules of truthfulness that from our humble point of view solves the conflict over Law its essence and properties What is Right What is Law Does a juridical science exist Does a true theory of Law exist or does each one of us have their own truth These were the central questions we tried to answer in the current thesis to demonstrate through reason the considerations raised here and to somehow contribute in a positive way to the growing relativism of this subject
