N. Afanas'ev* Jack V. volume of Russian legends many on religious themes an anthology of mildly obscene tales and voluminous writings on Slavic folk life and Slavic mythology His works were subject to the strict censorship of ecclesiastical and state authorities that lasted until the demise of the Soviet Union at the end of the twentieth century Overwhelmingly his particular emendations were of a stylistic nature while those of the censors mostly concerned content The censored tales are generally not included Up to now there has been no complete English language version of the Russian folktales of Afanas ev This translation is based on L G Barag and N V Novikov s edition Moscow Nauka 1984 1986 widely regarded as the authoritative edition The present edition includes commentaries to each tale as well as its international classification number *Bylina and fairy tale* Alex E.
