Adverse Impact and Test Validation Dan

Biddle, 2005 Adverse impact analyses and test validation promote social justice and equity Employers who unknowingly use invalid tests or recruitment procedures that have an adverse impact are reducing minority and or female representation in their workforce unfairly screening out qualified workers and worst of all just plain discriminating This book provides you with analyses that allow you to identify which of your selection procedures have adverse impact The validation steps will help you decide whether to keep the selection procedure because it is valid change it or stop using it altogether The CD included in the back cover of the book includes tools which may be used on a trial evaluation basis describing several of the functions described in the book including Adverse Impact Toolkit Test Validation and Analysis Program TVAP and Guidelines Oriented Job Analysis GOJA Manual This guide goes beyond the concepts theories and ideas behind adverse impact and test validation It not only explains what to do but crucially also shows you how to do it

Tenth National Forum on Issues in
