activities smoothly Many a problematic issues are sorted out with proper communication whereas many a problems take place with lack of communication Words have always played an important role in our interactions since times known Communication in the form of stories is also a very interesting technique Invariably the first story teller is a mother Every story must have happy ending to have lasting appeal May be in a profession one puts lots of hard work to make it sound perfectly natural but I doubt any professional can make it as convincing as the natural original way of a mother who while narrating the story instills moral values and thus creates the desired impact Such stories leave an everlasting impression on the psyche and personality for all years to come Those stories become unforgettable Possibly it is either the story or the skill of story teller or combined effect of both Narrations often combining certain true episodes with imaginative fiction would often have happy ending with goodness prevailing over evil Happy endings are what every one looks up to and are very appealing and pleasing BRIDGING THE GAP is a book of seven stories depicting sensitivity of the need for communication among different human relations to carry on happily for happy endings I must acknowledge the unwavering support from my husband Mr Vinod Kumar Gupta in this endeavor
