Peter Kapfhammer**

Distinguishing Psychological From Organic Disorders Screening For Psychological Masquerade:

Distinguishing Psychological from Organic Disorders Robert L. Taylor, 2000 This volume is designed to help clinicians assess medical conditions which are masquerading as psychological ones The author provides essential clues to our understanding of organic disease and shows how to look for these clues during the clinical interview process Common clinical pitfalls simple assessment tests and over 100 case studies are included

Psychological Masquerade Robert L. Taylor MD, 2007-02-27 When faced with a patient whose psychological symptoms may stem from an organic or medical condition rather than psychology how does the practitioner determine exactly which is the true case To facilitate this process and give psychologists social workers and nurses a useable guide to assessment Robert Taylor created Psychological Masquerade and has updated it to be the most complete handbook you will ever need in the field New chapters on violent behavior amnesia and dementia sex obsession and Munchausen by Proxy fill out the guide and numerous case studies help clarify diagnostic criteria and provide a welcome hands on approach to caring for clients in this delicate balance As a further enhancement of the text as assessment tool self tests for hypothetical cases are included as are specific clinical tests that aid in clue gathering This is the perfect clinical guide for any practitioner who is likely to come into contact with psychological masquerade among their clients and will be a welcome addition to the practitioner s toolbox

Psychological Masquerade, Third Edition Robert L. Taylor, 2007-02-27 When faced with a patient whose psychological symptoms may stem from an organic or medical condition rather than psychology how does the practitioner determine exactly which is the true case To facilitate this process and give psychologists social workers and nurses a useable guide to assessment Robert Taylor created Psychological Masquerade and has updated it to be the most complete handbook you will ever need in the field New chapters on violent behavior amnesia and dementia sex obsession and Munchausen by Proxy fill out the guide and numerous case studies help clarify diagnostic criteria and provide a welcome hands on approach to caring for clients in this delicate balance As a further enhancement of the text as assessment tool self tests for hypothetical cases are included as are specific clinical tests that aid in clue gathering This is the perfect clinical guide for any practitioner who is likely to come into contact with psychological masquerade among their clients and will be a welcome addition to the practitioner s toolbox

Surviving Manic Depression E Fuller Torrey, Michael B Knable, 2009-03-05 Surviving Manic Depression is the most authoritative book on this disorder which affects more than two million people in the U S alone Based on the latest research it provides detailed coverage of every aspect of manic depression from understanding its causes and treatments to choosing doctors and managing relapses with guidance drawn from the latest scientific information Drs Torrey and Knable provide thorough up to date coverage of all aspects of the disease including a detailed description of symptoms with many direct descriptions from patients themselves risk factors onset and cause medications including drugs still in the testing stage psychotherapy and rehabilitation as well as information about how the disease affects children and adolescents Here too are discussions of

special problems related to manic depression including alcohol and drug abuse violent behavior medication noncompliance suicide sex AIDS and confidentiality Surviving Manic Depression also includes special features such as a listing of selected websites books videotapes and other resources

Behavioral Medicine H. Russell Searight, 1999 Recent changes in medical practice have placed greater emphasis on primary health care Some of the specialties these primary caregivers provide include family medicine pediatrics and internal medicine In addition primary care physicians treat the majority of patients with psychiatric problems and also attempt to address psychosocial issues accompanying medical illnesses In order to have optimal impact in the changing health care system mental health professionals will need to function in this context Behavioral Medicine A Primary Care Approach was written to assist mental health providers in addressing psychological disorders as they arise in a medical setting and sensitize all health care providers to the psychosocial aspects of many common illnesses Most mental health professionals have little training for the unique challenges of primary care In addition to efficient symptom focused assessment and treatment skills in consultation and collaboration with non psychiatric physicians are critical common psychiatric disorders including depression anxiety disorders and dementia often co exist with medical problems and are difficult to diagnose Practicing in the primary care sector also raises unique cultural and ethical legal concerns for mental health professionals Behavioral Medicine A Primary Care Approach provides a comprehensive description of these issues

Working Through Setbacks

in Psychotherapy Rob Leiper, Rosemary Kent, 2001-12-20 Counsellors and psychotherapists often encounter difficult situations with clients for which they feel ill prepared At any stage in the process a client may experience a crisis or set back in their progress or simply be unable to move beyond a certain point Working through Setbacks in Psychotherapy is therefore intended to help therapists respond to such events which form major obstacles to the successful development and maintenance of the therapeutic relationship The authors present a framework for understanding the problems that arise and offers effective guidance for working through difficult situations which test the skills of even the most experienced practitioners Until now little has been written about the
