The Intimacy Factor Pia Mellody, Lawrence S. Freundlich, 2009-10-13 In her first book in over 10 years Pia Mellody author of the groundbreaking bestsellers *Facing Codependence* and *Facing Love Addiction* shares her profound wisdom on what it takes to sustain true intimacy and trusting love in our most vital relationships Drawing on more than 20 years experience as a counsellor at the renowned Meadows Treatment Centre in Arizona Mellody now shares what she has learned about why intimate relationships falter and what makes them work Using the most up to date research and real life examples including her own compelling personal journey Mellody provides readers with profoundly insightful and practical ground rules for relationships that achieve and maintain joyous intimacy This invaluable resource helps diagnose the causes of faulty relationships many of them rooted in childhood and provides tools for readers to heal themselves enabling them to establish and maintain healthy relationships

Married to the Enemy Dawn K Kozarian, Mark James, 2011-06-08 Much of *Married to the Enemy* is about the authors individual and couple journey By sharing their personal enlightenment on how our culture and family impacts our attitude with the opposite sex we learn how to go from devaluing each other to a more respectful and honoring relationship Throughout the book the authors ask questions for you to reflect on to see how you may have developed a gender filter that keeps you from creating the intimacy that you would like to have with your partner Good relationships are reciprocal so the authors also provide an inventory that looks at how healthy the reciprocity is in your relationship Ultimately by accepting yourself and your partner as you really are not as the gender culture says you should be you are guided towards loving authentically In loving genuinely you can now experience the rewards of a love based relationship not a power based one Meeting someone is a start continuing a relationship with that person is progress working together to create a positive and loving atmosphere is success We come into this world with as much as half of our personality and inclinations present at birth When we grow up with strong and excessive gender lines these natural inclinations and personality tendencies tend to get blurred with what our interests should be and the type of personality we should have whether it is true to our nature or not For example Im tough and can handle anything image for a boy and Im sexy sweet and submissive image for a girl These gender lines often leave us feeling like we are married to an opponent instead of a friend Many couples may inadvertently begin playing a game of chess looking to get the upper hand over the other Imagine loving authentically positively and with acceptance Imagine seeing the individual in front of you without the limitation of contrived gender expectations How might you connect What might you discover about your human commonality
