Draping For Fashion Design 4th Edition:

Draping for Fashion Design Hilde Jaffe, Nurie Relis, 2005 Draping for Fashion Design is THE basic instructional volume for draping in numerous fashion design programs since its original publication. This book covers all of the fundamental material for beginning and advanced study in an intensive fashion design program and prepares readers for the industry. Based on current industry methods, it reflects the dramatic changes of computer integration into the basic design and pattern development process and demonstrates simplified methods wherever they are employed in the industry. The authors provide clear guidelines regarding basic preparation and patterns: bodices, skirts, pants, the midriff and yokes, collars, sleeves, the shift, the princess dress, sportswear and casual wear, tailored garments, functional finishes, pockets, and draping in fabric and fitting. For Apparel Designers and Patternmakers.

How to Start a Home-based Fashion Design Business Angela Wolf, 2012-12-04 This book will be a priceless resource for those considering adventuring into the fashion industry yet not knowing how or where to start. Comprised of detailed information, *How to Start a Home based Fashion Design Business* will be a guide for the aspiring designer to plan and execute a successful home based business. This material will not only provide a fashion realm but will show how to create additional revenue streams in the sewing field. This book will be the one stop shop for the small designer.

Fashion Design, 3rd Edition Sue Jenkyn Jones, 2011-03-24 This book offers a thorough grounding in the principles of fashion design, describing the qualities and skills needed to become a fashion designer, examining the varied career opportunities available and giving a balanced inside view of the fashion business today. Subjects covered include how to interpret a project brief, building a collection, choosing fabric, fit, cutting and making techniques, portfolio presentation and fashion marketing and economics. This third edition has been totally redesigned and extensively updated with new images showing the latest fashion trends and coverage of new techniques.

Pattern Cutting: The Architecture of Fashion Pat Parish, 2018-01-25 Pattern cutting or pattern making is an essential yet complex skill for every fashion designer to master. *Pattern Cutting: The Architecture of Fashion* demystifies the pattern cutting process and clearly demonstrates pattern fundamentals, enabling you to construct in both 2D and 3D and quickly get to grips with basic blocks: shape, sleeves, collars, trousers, pockets, and finishes. Pat Parish approaches the subject of pattern cutting through proportion, balance, line and form, identifying key shapes and structures from the catwalk and translating them into 3D through cutting, draping and construction processes. This popular and inspirational sourcebook has been updated to reflect new directions in construction design and techniques and to include more advanced patterns such as the Magyar sleeve and the jumpsuit. With handy tips, shortcuts and tricks of the trade, the second edition of *Pattern Cutting* is a must-have studio resource for all budding fashion designers. It will provide you with the inspiration, tools and confidence to interpret and adapt basic patterns and take your designs to the next level. New to this edition: Step by step instructions for more complex patterns including the Magyar sleeve, rever collar and jumpsuit. A chapter devoted to patterns for pockets and finishes.
