**Albanian Identities** Stephanie Schwandner-Sievers, Bernd Jürgen Fischer, 2002 The contributors to this study critically deconstruct Albanian myths and offer insights into Albanian history and politics They conclude with contemporary Albanian critiques of the origins and functions of Albanian politics and ideologies Responsibility to Protect Rama Mani, Thomas G. Weiss, 2013-03 This volume explores in a novel and challenging way the emerging norm of the Responsibility to Protect R2P initially adopted by the United Nations World Summit in 2005 following significant debate throughout the preceding decade This work seeks to uncover whether this norm and its founding values have resonance and grounding within diverse cultures and within the experiences of societies that have directly been torn apart by mass atrocity crimes The contributors to this collection analyze the responsibility to protect through multiple disciplines philosophy

religion and spirituality anthropology and aesthetics in addition to international relations and law to explore what light alternative perspectives outside of political science and international relations shed upon this emerging norm In each case the disciplinary analysis emanates from the global South and from scholars located within countries that experienced violent political upheaval Hence they draw upon not only theory but also the first hand experience with conscience shocking crimes Their retrospective and prospective analyses could and should help shape the future implementation of R2P in accordance with insights from vastly different contexts Offering a cutting edge contribution to thinking in the area this is essential reading for all those with an interest in humanitarian intervention peace and conflict studies critical security studies and peacebuilding *Mbrojtja juridike penale e jetës së njeriut në republikën popullore të Shqipërisë* Ismet Elezi,1962
