

THE YOUNG PRINCE OF TYVIA

Excerpt from a theatre play

-Lord Nathan Bayle, shaking with outrage

How dare you, sir, cloaked as in my very house! I should hand you over to the Watch, depraved Tyrant!

-Prince Kallian, smiling calmly

That's a harsh welcome for royalty, or lord. Your daughter treated me with much more hospitality. Also, she has gone out for the evening, leaving me all alone.

-Lord Nathan Bayle, muttering, studying the younger man before him

What are you doing? Leave this house! Go back to your home wasteland, pitiful man!

-Prince Kallian, smiling calmly, reaching out

No need for anger between us, Lord Bayle. Is it so wrong for me to be here? As I've grown up, I've developed an affinity for you and your family.

-Lord Nathan Bayle, gaping

Oh, my, Kallian, your skin is so warm, it burns.

Video Games as Art Frank G. Bosman,Archibald L.H.M. van Wieringen,2022-11-07 Video games are a relative late arrival on the cultural stage While the academic discipline of game studies has evolved quickly since the nineties of the last century the academia is only beginning to grasp the intellectual philosophical aesthetical and existential potency of the new medium The same applies to the question whether video games are or are not art in and on themselves Based on the Communication Oriented Analysis the authors assess the plausibility of games as art and define the domains associated with this question *The Sacred & the Digital* F.G. (Frank) Bosman,2019-04-18 Video game studies are a relative young but flourishing academic discipline But within game studies however the perspective of religion and spirituality is rather neglected both by game scholars and religion scholars While religion can take different shapes in digital games ranging from material and referential to reflexive and ritual it is not necessarily true that game developers depict their in game religions in a positive confirming way but ever so often games approach the topic critically and disavowingly The religion criticisms found in video games can be categorized as follows religion as 1 fraud aimed to manipulate the uneducated as 2 blind obedience towards an invisible but ultimately non existing deity as 3 violence against those who do not share the same set of religious rules as 4 madness a deranged alternative for logical reasoning and as 5 suppression in the hands of the powerful elite to dominate and subdue the masses into submission and obedience The critical depictions of religion in video games by their developers is the focus of this special issue
