Contemporary Italian Diversity in Critical and Fictional Narratives Ron Kubati, Marie Orton, Graziella Parati, 2021-10-26 Contemporary Italian Diversity in Critical and Fictional Narratives is about identity individual and national and belonging. It is also an affirmation of diversity. The editors of this volume have brought together articles that analyze the literature of migration as well as creative pieces by recognized authors who have a lived experience of migration. English speakers will find their own societal struggles with diversity mirrored in Italy's colonial inheritance and its renewed nationalism populism xenophobia and shifting national identity. The artists and scholars who have contributed to this book challenge national discourses dehumanizations and issues of race and gender. But many also seek to move beyond the negative and critical to claim belonging especially national belonging in the name of diversity as part of human experience. The chapters emphasize how individuals both reflect and enact societal change and they foreground the inescapable fact that human differences and migration drive and shape societal identity in our world.

Interrupted Narratives and Intersectional Representations in Italian Postcolonial Literature Caterina Romeo, 2023-01-17 This book argues for the importance of adopting a postcolonial perspective in analysing contemporary Italian culture and literature. Originally published in Italian in 2018 as *Riscrivere la nazione* La letteratura italiana postcoloniale this new English translation brings to light the connections between the present the colonial past and the great historical waves of international and intranational migration. By doing so the book shows how a sense of Italian national identity emerged at least in part as the result of different migrations and why there is such a strong resistance in Italy to extending the privilege of Italianity or Italianness to those who have arrived on Italian soil in recent years. Exploring over 100 texts written by migrant and second generation writers the book takes an intersectional approach to understanding gender

and race in Italian identity It connects these literary and cultural contexts to the Italian colonial past while also looking outwards to a more diffuse postcolonial condition in Europe **The Routledge Handbook of Literary Translingualism** Steven G. Kellman, Natasha Lvovich, 2021-09-30 Though it might seem as modern as Samuel Beckett Joseph Conrad and Vladimir Nabokov translingual writing texts by authors using more than one language or a language other than their primary one has an ancient pedigree The Routledge Handbook of Literary Translingualism aims to provide a comprehensive overview of translingual literature in a wide variety of languages throughout the world from ancient to modern times The volume includes sections on translingual genres with chapters on memoir poetry fiction drama and cinema ancient medieval and modern translingualism global perspectives chapters overseeing European African and Asian languages Combining chapters from lead specialists in the field this volume will be of interest to scholars graduate students and advanced undergraduates interested in investigating the vibrant area of translingual literature Attracting scholars from a variety of disciplines this interdisciplinary and pioneering Handbook will advance current scholarship of the permutations of languages among authors throughout time **Pre-Occupied Spaces** Teresa Fiore, 2017-05-23 Runner Up Winner of the Edinburgh Gadda Prize Established Scholars Cultural Studies Category Winner of the American Association for Italian Studies Book Prize 20th 21st Centuries Honorable Mention for the Howard R Marraro Prize By linking Italy's long history of emigration to all continents in the world contemporary transnational migrations directed toward it as well as the country's colonial legacies Fiore's book poses Italy as a unique laboratory to rethink national belonging at large in our era of massive demographic mobility Through an interdisciplinary cultural approach the book finds traces of globalization in a past that may hold interesting lessons about inclusiveness for the present Fiore rethinks Italy's formation and development on a transnational map through cultural analysis of travel living and work spaces as depicted in literary filmic and musical texts By demonstrating how immigration in Italy today is preoccupied by its past emigration and colonialism the book stresses commonalities and dispels preoccupations

The Oxford Handbook of Arab Novelistic Traditions Wail S. Hassan, 2017-08-01 The Oxford Handbook of Arab Novelistic Traditions is the most comprehensive treatment of the subject to date In scope the book encompasses the genesis of the Arabic novel in the second half of the nineteenth century and its development to the present in every Arabic speaking country and in Arab immigrant destinations on six continents Editor Wail S Hassan and his contributors describe a novelistic phenomenon which has pre modern roots stretching centuries back within the Arabic cultural tradition and branching outward geographically and linguistically to every Arab country and to Arab writing in many languages around the world The first of three innovative dimensions of this Handbook consists of examining the ways in which the Arabic novel emerged out of a syncretic merger between Arabic and European forms and techniques rather than being a simple importation of the latter and rejection of the former as early critics of the Arabic novel claimed The second involves mapping the novel geographically as it took root in every Arab country developing into often distinct though overlapping and interconnected

local traditions Finally the Handbook concerns the multilingual character of the novel in the Arab world and by Arab immigrants and their descendants around the world both in Arabic and in at least a dozen other languages The Oxford Handbook of Arab Novelistic Traditions reflects the current status of research in the broad field of Arab novelistic traditions and signals toward new directions of inquiry
