### BIOLOGY: Chapter 6-9

**Directions:** Use your notes and book to answer the following questions concerning Replication, Transcription, and Protein Synthesis.

1. Define the following terms:

- a. **Replication**- the act of copying something, almost identical, in dna  
the first of several steps of DNA based gene expression in which a particular segment of DNA is copied into RNA by the enzyme RNA polymerase
- b. **Transcription**-
- c. **Translation**- translation is the process in which ribosomes in the cytoplasm or endoplasmic reticulum synthesize proteins after the process of transcription of DNA to RNA in the cell's nucleus

2. Break the following DNA sequence into **triplets**. (Draw a line to separate triplets)

C C G | A T A | C G C | G G T | A T C | C C A | G G G | C T A | A T T | U A A

3. If the above code showed the bases on one strand of DNA, what would the **complementary strand** read?

G G C T A T G C G C C A T A G G G T C C C G A T T A A T T T

4. What would the code in problem #2 be **transcribed** into (What would the mRNA sequence be?)

G G C U A U G C G C C A U A G G G U C C C G A U U A A U U U

5. How many **codons** are there in the above problem? **10**

6. What is the three letter sequence on a **tRNA** molecule called? **anticodon**

Regan, 2012-12-06 Although the history of photomedicine dates back thousands of years with even preliterate cultures appreciating the healing properties of sunlight for many workers in the discipline photomedicine is associated with the observation about 100 years ago of Niels Finsen a Danish physician Finsen recognized that people with tuberculosis who lived in Norway and who had very little exposure to sunlight often developed facial lesions lupus vulgaris which would decrease and sometimes disappear during the summer months This very observant physician reasoned that artificial light ought to produce the same effect as sunlight and began utilizing the radiation from the newly available carbon arc At first he used a glass lens to concentrate the radiation but since this produced considerable burning he replaced this with a hollow glass lens filled with water However while this reduced the heat burns it did not actually duplicate the effect of direct sunlight Finally using a hollow lens filled with water but equipped with quartz windows Finsen was able to imitate even improve upon the effect of sunlight As a result lupus vulgaris was practically eliminated from the Scandinavian countries      *AP Biology Prep Plus 2020 & 2021* Kaplan Test Prep, 2020-03-03 Kaplan's AP Biology Prep Plus 2020 2021 is revised to align with the latest exam This edition features hundreds of practice questions in the book complete explanations for every question and a concise review of high yield content to quickly build your skills and confidence Test like practice comes in 3 full length exams 16 pre chapter quizzes and 16 post chapter quizzes Customizable study plans ensure that you make the most of the study time you have We're so confident that AP Biology Prep Plus offers the guidance you need that we guarantee it after studying with our online resources and book you'll score higher on the AP exam or you'll get your money back To access your online resources go to kaptest.com moreonline and follow the directions You'll need your book handy to complete the process The College Board has announced that the 2021 exam dates for AP Biology will be May 14 May 27 or June 11 depending on the testing format Each school will determine the testing format for their students Expert Guidance We know the test our AP experts make sure our practice questions and study materials are true to the exam We know students every explanation is written to help you learn and our tips on the exam structure and question formats will help you avoid surprises on Test Day We invented test prep Kaplan kaptest.com has been helping students for 80 years and 9 out of 10 Kaplan students get into one or more of their top choice colleges      **The School Science Review**, 2005      **Congenital Disorders of Erythropoiesis** Ruth Porter, David W.
