The Documentary Film Makers Handbook, Genevieve Jolliffe, Andrew Zinnes, 2006-11-14

Documentary films have enjoyed a huge resurgence over the last few years, and there's a new generation of filmmakers wanting to get involved. In addition, the digital revolution has made documentaries even more accessible to the general filmmaker. Documentary films can now be shot professionally using cheaper equipment, and smaller cameras enable the documentarian to be less intrusive and therefore more intimate in the subject's life. With an increasing number of documentaries making it to the big screen and enjoying ongoing sales on DVD, the time is right for an information-packed handbook that will guide new filmmakers towards potential artistic and commercial success. The Documentary Film Makers Handbook features incisive and helpful interviews with dozens of industry professionals on subjects as diverse as interview techniques, the NBC News Archive, music rights, setting up your own company, the Film Arts Foundation, pitching your proposal, the Sundance Documentary Fund, the Documentary Channel, the British Film Council, camera hire, filmmaking ethics, working with kids, editing your documentary, and DVD distribution. The book also includes in-depth case studies of some of the most successful and acclaimed documentary films of recent years, including *Mad Hot Ballroom*, *Born Into Brothels*, *Touching the Void*, *Beneath the Veil*, and *Amandla*. The Documentary Film Makers Handbook will be an essential resource for anyone who wants to know more about breaking into this exciting field.

Pirandello and Film, Nina daVinci Nichols, 1995-01-01

Italian playwright Luigi Pirandello (1867-1936) is one of the preeminent figures of the modern European theater. His masterpiece *Six Characters in Search of an Author* set loose a riot during its first performance in Rome in 1921. This play about six unfortunate characters abandoned by their author in the middle of a tawdry drama is an unsettling, supremely self-conscious work that is ultimately about theatrical artifice and artistic creation itself. Pirandello and Film examines Pirandello's many efforts, none of them finally successful, to transform *Six Characters* into a movie. The authors examine Pirandello's views on film and its relation to theater, his varying approaches to creating a film adaptation of *Six Characters*, and the efforts of directors and film moguls in Germany and Hollywood to fashion a cinematic version of the play. The book also presents an array of important documents, including some that have never before appeared in English: a Prologue or prose sketch for a 1926 film, a Scenario, a more detailed prose sketch prepared by Pirandello and Adolph Lantz in the late 1920s for a German

film version of *Six Characters in Search of an Author* an English language film sketch written in 1935 by Pirandello and Saul Colin and a letter from Max Reinhardt and the German emigri Hollywood film director Joseph von Sternberg to Saul Colin regarding the proposed film treatment of the play These documents together with the authors critical text provide a detailed portrait of Pirandello's developing view of film as an appropriate medium for his revolutionary dramatic innovations
